Dear City Council,

I have always admired the work of the RHC and the dedication of volunteers who serve on it to implement the CSFRA.

I have known Dave Cutler for a few years and admire his commitment to our community. He is a dedicated community volunteer, always takes time to understand issues, and does his homework.

I've seen him work with renters trying to find housing and help them understand their rights. His background working with renters and understanding real estate would be an asset to the RHC. He would work to understand issues and not favor one side over another. He would be a true voice for our community who would fairly implement the CSFRA.

Please support Dave Cutler for the RHC.

Dear Council

I wanted to email you after I saw the list of people who are applying to be on the rental housing committee. I was more than happy to see Mr. Cutler on the list. He is a very kind man who I see I have the pleasure of getting to know. In my conversations with him, he understands the plight of people like me who work very hard to rent a home for my family in Mountain View. I love Mountain View and I would like to see my kids grow up here. Knowing Mr. Cutler could possible on the committee gives me hope that the rent control law will be fair.

I hope you strongly consider appointing him.

Sincerely Hancock Nguyen

The Rental Housing Committee is at a crossroads. With only one member remaining past April, the City Council must strive to appoint a committee that will work to be fair but not prioritize the needs of corporate landlords over mom and pop landlords and Mtn View residents.

Having been to numerous RHC meetings, watching them on Zoom, and reading the applications of the various candidates for the RHC, I encourage you to appoint:

- Edie Keating—she has a long track record in housing advocacy, understands CSFRA, and commits herself to engaging with stakeholders in her application
- David Cutler—his lived experience, work with renters, and background in real estate without owning real estate makes him a perfect choice to be a "neutral" arbiter of issues that come before the committee

Aside from Keating, Cutler, please give consideration to Kirin Madison and Robert Cox. They would bring needed perspectives to the RHC given their backgrounds in law and the community esp. Robert's prior service to the EPC and various community organizations.

You have a tough job ahead of you, but I strongly encourage you to support Keating, Cutler, Cox, and Madison for the RHC.

Thank You  
John
