

PARKS AND RECREATION COMMISSION QUESTIONS September 11, 2019 MEETING

Item 6.1 – South Whisman Park Conceptual Review and Recommendation, Project 17-34

1. Can you share the other 2 concepts presented by staff at the 2nd community meeting (June 20th)?

Attached are the other 2 concepts. Staff will address these in their presentation to PRC.

2. Does this new development have a pathway or “cut through” access to the new park from the Whisman Station Area, or would Whisman Station residents need to come via Ferguson?

The northerly public trail shown on the Concept A rendering does connect to Whisman Station.

3. For comparison purposes, what is the acreage of Sylvan Park? Bubb Park?

Sylvan Park is 9 acres and Bubb Park is 3.45 acres.

4. What is the total number of units in this new development (if possible, broken out by apartment, houses, townhouses)? For each subsection (or overall if that’s how it was done), what was the parking ratio (cars per unit) in the approved plans?

Radius by Pulte Homes: 198 rowhouses (113 attached and 85 detached). Parking requirement is: 2 covered spaces per rowhouse unit and additional 30% guest parking spaces along the public street, equivalent to 60 additional guest parking spaces. Pulte Homes provided 89 on-street guest parking spaces.

By EFL (500 Ferguson): 394 apartment units and 3,000 square foot commercial space. The parking requirement is: 1 space per bedroom up to a maximum of 2 spaces per apartment unit and 15% guest parking all on-site.

5. How would you assess the current supply v demand for (organized) soccer fields in the City?

Currently the City is able to meet the needs of Youth Sports Organizations (YSO) with field space. When the field at Vargas Elementary is complete in a year, the City will be able to add an additional field to the current availability, which will add to the supply for YSOs. In addition, McKelvey Fields will reopen soon, which will move baseball programming back to McKelvey and create additional hours available for other sports.

June Monthly Report

1. How was the overall summer camp registration as compared with projections and past years?

Overall registration for the summer 2019 session came very close to meeting summer 2018 numbers, which was the most successful summer the Division has seen in recent years related to enrollments and revenue. The Division was just shy of meeting summer 2018 numbers by 36 enrollments and \$13,800 in revenue. Below are stats for the last four summer sessions. The Division has worked to expand program offerings over the last two years to provide a variety of class and camp offerings to meet our community's needs which has significantly increased enrollments and revenues. Staff is currently working on summer 2020 programming and projected enrollment will be similar to summer 2018 and 2019 based on initial summer planning.

	Enrollments	Revenue
Summer 2019	6,092	\$826,900
Summer 2018	9,128	\$840,700
Summer 2017	5,762	\$679,200
Summer 2016	5,877	\$688,300

July Monthly Report

1. For maintenance on El Camino Real, what falls under City responsibility? What falls under State responsibility?

The City maintains the landscape, trees, and irrigation in the median islands along all of El Camino Real. We also maintain the street trees along both sides of the street.

August Monthly Report

1. Other than Mountain View High School, which school's golf teams regularly practice/play are Shoreline?

Three local high schools utilize Shoreline Golf Links: Mountain View High School, Los Altos High School, and St. Francis High School.

2. How late does Beyond the Bell run each day? How late does the Beat run?

Both Beyond the Bell and the BEAT after school programs run until 6:00 p.m. daily. Programs begin between 2:15 and 3:00 p.m. Monday-Wednesday and Fridays with an earlier start on Thursday for minimum days.

3. What is presented/discussed at the "Housing Workshops" held at the Senior Center (hosted by Silicon Valley Independent Living)?

The Silicon Valley Independent Living Center (SVILC) Housing Workshops provide an overview of SVILC's services to the cross-disability community in Santa Clara County and focuses on how SVILC can assist community members with housing searches and other services related to securing integrated, affordable, and accessible housing. These workshops are held monthly at the Senior Center.
