

ORDINANCE NO.

AN ORDINANCE AMENDING SECTIONS OF CHAPTER 36  
(ZONING ORDINANCE) OF THE CITY CODE TO UPDATE  
HOME-BASED CHILD-CARE REGULATIONS TO ALIGN  
WITH NEW STATE REGULATIONS AND MODIFICATIONS TO PLANNED  
COMMUNITY PERMIT REGULATIONS

WHEREAS, the City Council of the City of Mountain View has reviewed and considered the March 4, 2020 recommendation of the Environmental Planning Commission relating to Zoning Text Amendments to Chapter 36 of the Mountain View City Code; and

WHEREAS, the City Council of the City of Mountain View finds and declares that Chapter 36, entitled "Zoning," of the Mountain View City Code should be amended to be consistent with recent amendments to State law regarding home-based child care and to modify Planned Community Permit regulations to provide for variations from the applicable precise plan standards;

NOW, THEREFORE, the City Council of the City of Mountain View does hereby ordain as follows:

Section 1. Council Findings. On March 4, 2020, the Environmental Planning Commission held a duly noticed public hearing and reviewed all project materials, staff reports, public testimony, and environmental review on said Zoning Text Amendments and adopted a resolution recommending City Council approval of the Zoning Text Amendments.

The City Council finds and determines, at a duly noticed public hearing on June 9, 2020, that the following Zoning Text Amendments are consistent with the General Plan of the City of Mountain View based upon the following findings made pursuant to Section 36.52.70 of the City Code:

a. The proposed Zoning Text Amendments are consistent with the General Plan because they support land use policies and action plan of the 2030 General Plan because they update the Zoning Ordinance to address outdated or inconsistent policies with legislative updates by the City, State, or Federal agencies and provide increased clarity within the City Code pertaining to Planned Community Permits;

b. The proposed Zoning Text Amendments will not be detrimental to the public interest, health, safety, convenience, or welfare of the City because they are required to

be consistent with State law and will allow the City's provisions regarding home-based child care to remain enforceable and will provide increased clarity within the City Code pertaining to Planned Community Permits;

c. The proposed amendments are internally consistent with Chapter 36 (Zoning) of the Mountain View City Code; and

d. The proposed project complies with the California Environmental Quality Act pursuant to Section 15061(b)(3) because it includes Zoning Text Amendments to comply with recent legislation enacted by the State and amendments to clarify an existing section related to Planned Community Permits. Therefore, it can be seen with certainty that there is no possibility that the activity will have a significant effect on the environment.

Section 2. Chapter 36, Article IV, Division 2, Section 36.10.05, of the Mountain View City Code is hereby amended to read as follows:

**“SEC. 36.28.20. - Child day-care facilities.**

This section establishes standards for city review of child day-care facilities, in conformance with state law, including the limitations on the city’s authority to regulate these facilities. These standards apply in addition to all other applicable provisions of this chapter and any requirements imposed by the California Department of Social Services through its facility licensing procedures. Licensing by the Department of Social Services is required for all child day-care facilities.

a. **Small and large family day-care homes.** Permitted within any single-family or multi-family dwelling in a residential zone.

b. **Child day-care centers.** Allowed in the zoning districts determined by Sec. 36.10.05 (Residential Zones), 36.18.05 (Commercial Zones), 36.20.05 (Industrial Zones), 36.22, 36.24, 36.24.35, 36.26, and 36.26.35 (Special Purpose Zones), subject to conditional use permit approval (Sec. 36.48), and the following:

1. **Spacing/concentration.** No residential property shall be bordered on more than one (1) side by a child day-care facility.

2. **Traffic control.** A drop-off and pick-up area shall be established to ensure that children are not placed at risk and street traffic is not unduly interrupted. The driveway of a large family day-care home may serve as its drop-off area. Adequate drop-off and pick-up areas shall be provided so that traffic does not back up onto public roadways or does not create circulation problems in parking lots.

3. **Adjacent uses.** The proposed site shall not be located adjacent to a business that uses, sells or stores significant amounts of hazardous materials or creates high noise levels or fumes.

4. **Outdoor play areas.** Outdoor play areas shall be set back from adjoining residential dwellings and enclosed with a minimum six (6) foot fence. A six (6) foot wood or masonry fence is required along the boundaries with residential uses.

The planned community (PC) permit allows new construction, redevelopment or changes of use within the planned community district that comply with the special land use and project development standards of the applicable precise plan or that were specified at the time of rezoning to or amendment of the P district.

The planned community permit process provides the opportunity for applicants to propose creative, innovative developments within a context of defined community goals and objectives and a basic development envelope established by a precise plan, and also allowing for variations from the standards while protecting the integrity and character of the precise plan area. The PC permit provides for a comprehensive analysis of project-related impacts and careful public review of such developments while allowing for creativity and flexibility provided that the proposals are consistent with community objectives and in substantial compliance with the applicable precise plan."

3. Any development or addition to an existing development that varies from the development standards of the applicable precise plan. A planned community permit may be granted by either the zoning administrator or the city council.

b. Minor alterations to the exterior of an existing building, signs and minor alterations to paved or landscaped areas that are consistent with the existing development of the property and of surrounding properties may be approved or disapproved by the zoning administrator through the development review process.”

**“SEC. 36.50.55. - Findings.**

Following a public hearing, the zoning administrator shall issue written findings or forward a recommendation to the city council with the findings upon which the recommendation is based. These written findings shall be mailed to the applicant and property owners. The zoning administrator may approve, or recommend for approval, a planned community permit if all the following findings are made:

a. The proposed use or development is consistent with the provisions of the applicable precise plan; or, if no precise plan exists for the subject area, the proposal clearly demonstrates superior site and building design and compatibility with surrounding uses and developments; or if variations from requirements in the applicable precise plan are granted, the proposal clearly demonstrates superior site and building design and is in substantial compliance with the intent of the requirements in the applicable precise plan;

b. The proposed use or development is consistent with the general plan;

c. The proposed uses and development will not be detrimental to the public interest, health, safety, convenience or welfare;
