Loreto Street has a neighborhood email list where nearly every resident has subscribed and we plan to let residents know about our Loreto Street Centennial Celebration Activities via the email list. To accommodate all residents, we will also do a letterbox drop to all the residents on the street alerting them about the activities as well. Multiple posts on the email list and one letterbox drop should ensure all residents know about the celebrations.

1) Activity/ Event Name -Nombre del proyecto/evento-a) ??/????

Loreto Street Centennial Celebration.

1) Brief Project Description for activity/name-Breve descripción del proyecto para el evento/proyecto-b) ??????????/?

Loreto Street has been having annual July 4th Block Parties for over 40 years and based on historical records, we've determined that the first homes on the street were built in 1924. To celebrate the 100-year anniversary of our street and to ensure we have many more years together as a strong community, we are planning to mark this special occasion with three events/activities as listed here in this grant application.

On September 21st, 2024, we plan to have a street-wide event from 4pm-9pm that includes a) a home tour where we have meet & greets at different residents' homes, and b) a cocktail party and meal where everyone dresses in a 1920s theme. The event will have activities both for adults and kids, and aims to foster a strong community that has been going for many years.

1) Total Anticipated activity/event Budget -Presupuesto total previsto para el proyecto-c) ??????????

Snacks, party supplies, catering (local pizza or other local restaurant), and drinks for 50 people, \$600

2) Activity/ Event Name -Nombre del proyecto/evento-??/?????

History book

2) Brief Project Description for activity/name -Breve descripción del proyecto para el evento/proyecto- ??????????/?

Creation and distribution of a Loreto Street History Book for our 100-year anniversary. Residents will research, compile, and publish a History Book documenting some of the history of Loreto Street using available news clippings and media from the 1920s and 1930s, together with more recent photos of the street. The goal of the book is to document some of the history of the street and to share this history more broadly with Mountain View residents. Copies of the book will be donated to the Mountain View Library, possibly other local libraries, and the Mountain View Historical Association. Residents of the street will be able to purchase their own copies of the book.

2) Total Anticipated Activity/Event Budget -Presupuesto total previsto para el proyecto-c) ??????????

We plan to publish 5 copies of the book at \$50/book, for \$250

3) Activity/ Event Name -Nombre del proyecto/evento-a) ??/?????

Commemorative Plaque

3) Brief Activity/Event Description for event/name -Breve descripción del proyecto para el evento/proyecto-b) ??????????/?

Developing a commemorative plaque on the street that highlights the 100-year history of Loreto Street. The design and development of a plaque to be placed at one end of the street will be created and eventually installed. We recognize that some consultation with the City of Mountain View is needed and this has begun, but our ultimate plan is to commemorate the 100 years of Loreto Street with a plaque.

3) Total Activity/Event Project Budget -Presupuesto total previsto para el proyecto-c) ??????????

The purchase of an outdoor plaque is estimated to cost \$450

Loreto Street is a small street (two blocks) that has a long history that is connected to downtown Mountain View. Palmita Park was the original name of the development in 1924, and the tall palm trees that line the street today make Loreto Street unique and distinctive. The goal of the listed events/activities is to promote the sense of community on the street while also documenting and sharing the history of this street more broadly. Highlighting some of the special characteristics of this street can provide all Mountain View residents with a stronger sense of community by understanding our common history.

- Esta celebración involucra a toda la comunidad y es atractivo para todos.
- El grupo de embajadores tiene la oportunidad de conectarse con la comunidad y con la ciudad como institución.
- Promueve y expande oportunidades de liderazgo.
- Da la oportunidad a los embajadores de tomar un rol importante.
- Tienen la oportunidad de demostrar sus tradiciones y celebraciones de la cultura Latina.
- El grupo de Embajadores ha participado en años anteriores, con sus propios recursos y es muy difícil para nosotros cubrir este gasto tan grande.
- desafortunadamente el año pasado no pudimos participar por falta de presupuesto y y eso nos hizo sentir Tristes porque al ser espectador durante el evento las familias nos preguntaron; ¿por qué el grupo de embajadores no estaba participando?
- Como residentes de Mountain View Hemos escuchado que Mountain View habla de una comunidad para todos; esta celebración nos da la oportunidad al grupo de embajadores a demostrar que realmente Mountain View es una Comunidad para todos. "Community For All "

Este proyecto lo realizaremos durante la celebración del encendido del árbol comunitario que ofrece la ciudad de Mountain view en el primer lunes de diciembre.
Queremos hacer notar que hemos señalado un vecindario como referencia en la aplicación, pero a esta celebración asisten familias de todos los vecindarios de mountain view y estaremos dando alcance una comunidad diversa.

Through our unique owl project initiative, we harness the power of artistic expression by inviting artists to transform fiberglass owls into captivating works of art. These stunning owl sculptures serve as canvases for creativity, each telling a unique story and reflecting diverse perspectives. Our commitment extends beyond artistic expression. By strategically placing these vibrant owl sculptures along Castro Street, we aim to invigorate our community, spark conversations, and create memorable experiences for residents and visitors alike. We will fund our owl project by selling sponsorships for each owl to local businesses and individuals. By auctioning these remarkable owl sculptures, we raise crucial funds to support public art in our community. By bringing together art and community, we aim to enhance our downtown and add to its vibrancy.

A mural on the wall of 748 Mercy Street facing Castro Street that reflects the values of Art Changes Us.
The long-term goal of Art Changes Us (ACU) is to provide under served youth with work in the creative arts to develop compassion, self-sufficiency and real-world skills.

Inspired by the successful model of Artists for Humanity, Boston which believes engagement in the creative process is a powerful force for social change and provides a life-changing opportunity for young people-especially when working together.

ACU reaches across economic, racial, and social divisions and enriches our community by introducing local youth and their creative work to the business community in the greater Mountain View-Los Altos area.

Our primary communications mechanism is our neighborhood email mailing list. We also flyer homes that aren't on the mailing list. Leads and volunteers are solicited for the events. The mailing list is used for general questions (e.g. service company recommendations) and social posts (e.g. neighborhood and personal events, free fruit from trees, girl scout cookies), and to distribute official notices from the city and county.

The spring/summer block party is an annual tradition for well over a decade. We often combine bbq with potluck dishes and a dessert contest with prizes, some games, a bouncy house for the kids, and visit from the local police or fire departments. In recent years, there has been a live band dubbed The Villa Nuevers comprised of members from neighborhood. We use the opportunity to update our neighborhood directory and mailing list.

Hedgerow fun group has been in existence since the early 2000s doing neighborhood block parties. Parties are potluck dinners in homes hosted by volunteer homeowners. A schedule of dates (roughly every 6 weeks) is sent out at the beginning of the year and people volunteer to host parties. We lost momentum during Covid. Indoor parties stopped. During 2022, we reinstated parties in the park on Hedgerow Ct. during warmer weather. As of 2023, we've restarted the home-based potlucks where neighbors host in their homes again. Also, thanks to the Mt. View Grants program, we hosted an ice cream social in August 2023 in Sylvan Park that was hugely successful. Neighbors helped with the set up of tables and chairs; also, they brought games for the kids. Local groups (e.g. the Mt. View Historical Society) came as well.

Along with the parties we have an email group that the community uses to keep others informed (programs such as earthquake retrofit, handymen, celebrations, warnings, etc.). Since its beginning, there's been a great camaraderie in the community. The neighborhood is like one large family. One of our group, Ron Giles, collects food and other needed items every Friday to be distributed through the Reach Program to neighbors in need.

Our typical neighborhood parties are limited to a smaller group (not all of Sylvan Park) because they are hosted in neighbors houses and can't accommodate such a large group.

With the help of this grant, we were able to invite all of Sylvan Park for the ice cream social and hold it in Sylvan park. Several of the neighbors who are not in our potluck group, were very appreciative of this get together and said it was the first time they met many of their neighbors. They wanted to extend their thanks to the city for encouraging our community.

I run our community Google Group and last year was our first year with the neighborhood grant. We had an ice cream social, bought new chairs for the pool area, bought a ping pong table for the community center and had a tournament, and are hosting a pizza party next month. I run the email group and everyone gets to vote on what they'd like to see and events. We also do outreach by putting flyers on everyone's space clip for events. I am excited we have 4 new volunteers to help this year!

1. Hold coffee meetings to identify potential leaders. Provide training and support to help them to develop their skill.
2. Using a variety of outreach methods, such as flyers, social media, email lists, and community bulletin boards, to promote upcoming events and projects. It's also important to make events and projects accessible and inclusive to all members of the community, by holding them at convenient times and locations, providing translation services if needed, and ensuring that the events are welcoming to people of all ages and backgrounds.
3. This can involve identifying specific tasks or roles that residents can take on, such as helping with setup and cleanup, providing refreshments, or assisting with event logistics.

For social events we ask for volunteers to assist with the planning and execution of the event. The hosts of the event coordinate the food and get volunteers to help with shopping and preparations. The magazine coordinator and flier coordinator have volunteers who help distribute notices to the 144 homes in the park. The hosts organize a decorating committee, soliciting volunteers using flyers, sign-up sheets in the clubhouse and neighbor email lists. The committee then meets to delegate responsibilities and plans decorations to be completed prior. We have collected decorations over the years that get reused and supplemented as needed.

The flier, magazine, and event sign-up sheet along with emails to neighbor email lists help get the word out. We have a planning meeting in November where we solicit hosts for a monthly event that is supported by the social board.

1) Activity/ Event Name -Nombre del proyecto/evento-a) ???????

Annual Holiday Party

1) Brief Project Description for activity/name-Breve descripción del proyecto para el evento/proyecto-b) ?????????/??

Until 2022, the park owner has hosted a holiday party for the residents. In 2022, he was unable to do so due to additional costs and the homeowners association hosted the (51st annual) event at the last minute. While board members donated cookies and decorating supplies and encouraged a potluck dessert swap for free, we did have to charge a nominal fee of \$9 for chicken and eggplant parmesan, pasta, salad, bread and butter, water, coffee, and apple pie. In the past the park owner had Hors D'oeuvres (2021) and in previous years had included prime rib, champagne, sparkling apple juice, etc. This was the premier social event of the year. In years past we had entertainment and this past year, the event decorations included Kwanzaa, and Hannakuh along with the traditional Christmas tree. In years past there was a local band with a special guest being our 101 year old neighbor who sings! We are hoping that we as a homeowners association can continue the event and offer it free to help encourage more to attend. In years past the residents of the 144 homes were able to bring a guest. This event had 45 in attendance in 2022, but in the past has had closer to 100. I believe the higher attendance was due to the event being free. If awarded this grant we will be able to offer it free again :). We are happy to say that with the support of this grant in 2023, we had 81 residents attend and delivered food to 8 that weren't physically able to join us at the clubhouse.

1) Total Anticipated activity/event Budget -Presupuesto total previsto para el proyecto-c) ?????????

\$750 (Last year the grant helped us cater the primary meal components which required less preparation for the volunteer hosts)

2) Activity/ Event Name -Nombre del proyecto/evento-??/????

Summer Bash

2) Brief Project Description for activity/name -Breve descripción del proyecto para el evento/proyecto- ??????????/?

This event, also hosted by the homeowners association board members, happens in late August. During this event we set up tables by the pool and provide refreshment. Last year we provided chicken and pizza and had more than 80 attend thanks to the grant covering the cost and making it free. When we charged for the event we had about half as many attend. Many of the residents in the 55+ park are on fixed incomes and have strict budgets. The event is primarily social in nature, a way to get neighbors to come together for food and conversation.

2) Total Anticipated Activity/Event Budget -Presupuesto total previsto para el proyecto-c) ??????????

Here is the list of events for 2024. We have volunteer hosts for them and budgets are set by the hosts with the help of the treasurer using past event attendance when estimating the budget.

We set the events in November of each year. I included all of this year's events so you can see how the homeowners association tries to have events regularly throughout the year. Any grant funds available can help reduce the cost of the event.

JANUARY 13 (49 attended)
New Year's Brunch \$7

FEBRUARY 12 (60 attended)
Superb Bowl Tailgate Party \$4

MARCH 16
St. Patrick's Day \$12

APRIL 20
White Elephant Gift Exchange \$0 (Bring something currently owned to swap)

MAY (TBD)
Block Party \$0 (Homeowners provide food in car ports at their expense)

JUNE (TBD)
Spring Party - TBD

JULY 4
Barbecue Potluck - \$TBD as neighbors will be asked to bring a dish to pass. May be \$0 if mains donated.

AUGUST (TBD)
Summer Bash - \$0 (Grant Supported)

SEPTEMBER (TBD)
Oktoberfest (International Event) \$TBD

OCTOBER (TBD)
Potluck Clubhouse (block) Party (Halloween Theme) \$0 (Homeowners provide food in clubhouse at their expense.)

DECEMBER 7
56th Annual Holiday Party \$0 (Grant Supported) - This was historically free and hoping if we are awarded grant funds we can continue to offer it again for free as the owner is no longer able to finance it.

Thank you so much for your continued support. With the passage of rent control for the mobilehome parks, the park owner has been unable to cover costs of magazine and directory printing in addition to no longer providing the holiday party for the residents. The neighborhood grant helps us continue without having to raise funds or discontinue these activities. We are most appreciative of this program.

Cooper Park Neighborhood Assn consists of approximately 100 households.

Our two parties - a block party in spring and multi-holiday party in Nov provides an opportunity for neighbors to meet and socialize.

We invite various non-profit and community groups to attend and have tables so we can encourage neighbors to get involved in volunteer opportunities.

Prior events have included Canopy, Hope-Corner, MV Historical Society, Wiseman school district, CERT, and others.

We reach ~ 600 families (~ 1600 people) via email, website, Nextdoor, flyers & posters. (Nextdoor Varsity Park reaches over 1125 people). To help grow a vibrant community, we invite all Varsity Park residents (including those in the adjacent smaller Springer Meadow NA) and to those on our Varsity Park CERT mailing list of 279 members to all of our events.

See our VPNA website <http://vpna.varsity-park.org>.

We have a data base of ~134 people who have signed up as members of the NA at previous events and when volunteers canvass their parts of the neighborhood. Some 64 members offer to volunteer in some way, either at events or to help with outreach. Of these, 8 serve as officers.

We also have an active Varsity Park CERT. We coordinate with Varsity Park CERT which has a larger footprint and a good set of Block Volunteers who serve as an additional channel to connect with neighbors. At both NA and CERT events we distribute information, encourage new member signups and solicit donations. We bring a CERT table to most NA events. VarsityParkCERT has a new trailer, and we bring that to some VPNA events and block parties.

Halloween - Jefferson Haunted City

1) Brief Project Description for activity/name-Breve descripción del proyecto para el evento/proyecto-b) ?????????/??

Neighbors on Jefferson Drive and multiple NA volunteers from across Varsity Park create an annual award-winning animated Haunted City in the yard and driveway of a home next door to Varsity Playground.

We distribute flyers and emails, and setup A-frames to advertise the event. We close Jefferson and we set up lighted red cones to safely manage visitors and run a refreshment table with lights, drinks, snacks, information, signups and donations.

In 2023 we had some 600 trick-or-treaters (mostly kids) explore the exhibit and more than 1000 parents and others view the haunted city and visit the VPNA booth attend from the entire Varsity Park neighborhood and many other parts of Mountain View.

This project is substantially supported by a neighbor team and volunteers donations, in addition to the Neighborhood Grant funding.

Spring or Summer Ice Cream Social

In late May or early June, we host a "welcome to summer" ice-cream event, usually in Varsity Park Playground, with live music, ice-cream, refreshments and snacks, kids' games, and give away items/prizes.

Sometimes we have a balloon artist, bead artist, face painter, magician or other entertainment, if we have raised sufficient donations to augment the budget.

Previously, we had some 200 people attend, and as such we submitted a General Use Notification for Varsity Park playground; we also request a street closure for the ice-cream truck on Jefferson and the safety of the many attendees. We place red cones to aid in managing the flow of people.

As with the Halloween event, there is a staffed CERT information table providing information about CERT, the organization, and emergency supplies.

Issues of the Monta Loma newsletter are timed to publicize our events and are hand-delivered to every household in the neighborhood. A-frame signs advertising our events are set up at every entrance to and throughout Monta Loma. All our events are also publicized on the neighborhood email list, on the Monta Loma Nextdoor site and on the neighborhood website <http://www.montaloma.org>. Block parties are also encouraged by all these methods.

Ice Cream Social

1) Brief Project Description for activity/name-Breve descripción del proyecto para el evento/proyecto-b) ??????????/?

Packaged ice cream, information tables: encourages neighbors to meet one another and the local CERT members. More info and pictures are available at <https://www.montaloma.org/events/ice-cream-social/>

For the 2024 event, 409 people signed in and we estimate attendance was at least 440, considerably more than the 274 who signed in in 2021 and the 311 who signed in in 2023.

Invited attendees who were able to attend included Mayor Alison Hicks and councilmembers Ellen Kamei, Lisa Matichak, Emily Ann Ramos, and Lucas Ramirez, plus City Manager Kimbra McCarthy, who lives in Monta Loma. MVWSD trustees Bill Lambert, Laura Berman, Chris Chiang, and Devon Conley, MVWSD Superintendent Ayindé Rudolph and Chief Business Officer Rebecca Westover also came.

We had information tables and extended presence from: the Mountain View Whisman School District, the City Multicultural Engagement Program, Parks Strategic Plan, and Sustainability Initiative. A representative of Recology informed about Zero Waste. We had tables from Leadership Mountain View, Crittenden Middle School PTA, the Community Action Team (CAT) (which offered free Covid test kits), and the Girl Scouts. We had repeat presence from the MLE PTA, Canopy, Living Classroom, the Mountain View Historical Association, MV Police officers, and the Fire Department.

We invite all residents within the boundaries of the neighborhood association to all activities, and we actively encourage participation, both as attendees and as volunteers to help out at events.

We have several channels for communicating with the neighborhood:

- We continue to build the number of email addresses that subscribe to the neighborhood association's Google Group by including a reminder to join the group on all material published by the association. We currently have over 200 email addresses. This is our most efficient method of communication. We send minutes after every meeting and also information of interest and importance to the neighborhood.
- We have a website for those members who are not part of the Google Group, but who like to have electronic communication.
- We place very large signs on A-frames at key locations in the neighborhood to remind people of events.
- We distribute flyers in flyer boxes located at several Little Free Libraries in the neighborhood, as well as post them on bulletin boards of complexes of apartments, condos or townhouses. Occasionally we distribute flyers to all the homes in the neighborhood.
- We publicize WWNA events on the NextDoor website which many people consult for neighborhood and local news.
- We ask HOA presidents to forward our communications to all residents in their complexes via their internal email distribution lists.

The WWNA Annual General Meeting (AGM) is an important event for communicating to the neighborhood the activities of the WWNA. We hold our annual elections for officers of the WWNA at the AGM and everyone is encouraged to participate not only by voting but by running for office. The elected WWNA officers appoint three at-large board members after the AGM and new participants are consistently sought out and encouraged. Anyone who lives in the neighborhood can benefit from the activities, either directly or indirectly.

Based upon our experience with pumpkin festivals and ice cream socials, the neighborhood is anxious to have social events that foster a greater sense of community. The events have been very well attended as were the community breakfasts.

We cultivate a group of actively involved residents that we have met through our events. We get the word out to most of the residents of the neighborhood association by posting signs on A-frames that we set out in the week leading up to events. Since we haven't been organized enough to apply for this grant for the last couple of years, the number of events we've held has decreased significantly, as has the number active volunteers we have. But once we get going with hosting events again, we will cultivate more and more people who like the events and would be up for helping pull them off.

We hold quarterly community meetings (online & in-person) where we elect Steering Committee officers (president, vice-president, treasurer, secretary, member(s) at large), keep residents informed of upcoming events, and offer opportunities to lead or help out with events.

We encourage neighbors to stay connected via email - our CPNA group has around 800 members.

We have a website (cuestapark.info/) where we make information about CPNA and our neighborhood available to everyone.

Notice of upcoming events is sent via email, made visible on a-frame signs throughout the neighborhood, and available on the website.

We are requesting \$3333 even though our current activity plans only add up to \$3000. We have not completely planned the year and want some flexibility to add additional events. Some things we have thought of - Driveway Giveaway day when people put things out in their driveway that are available for free, Pumpkin Pick-Up Day where people can donate their old pumpkins after Halloween and we take them down to a farm to feed to the goats, and an online contest to match pictures of pets with pictures of their owners.

Neighborhood Newsletter-The Lamppost

1) Brief Project Description for activity/name-Breve descripción del proyecto para el evento/proyecto-b) ?????????/??

Print and online editions of the OMVNA newsletter (online edition with more content and color), normally distributed 4 times per year, with more editions in election years, or with other significant events in Mountain View. The newsletter is advertised through signage, on our website, our blog, and on Nextdoor Old Mountain View. We distribute 2500-2700 copies of the newsletter directly to households and area businesses using volunteers. The newsletter also has some space for advertising, e.g., for local businesses, political candidates, et al.

This project was developed to provide a series of low key, low cost social events, designed to bring members of the community together where they could meet others and discuss issues of importance to the community in small groups or one-on-one, and acquaint them with OMVNA and its activities and its officers. These events are intended to attract 10-50 persons, and are designed for substantial involvement by children and young adults. We currently host a neighborhood egg crawl, a cycling event, a caroling event, a scavenger hunt and a potluck
