

CITY OF MOUNTAIN VIEW
RESOLUTION NO. 18214
SERIES 2018

A RESOLUTION CONDITIONALLY APPROVING A TENTATIVE MAP
FOR EIGHT RESIDENTIAL CONDOMINIUM UNITS AT 982 BONITA AVENUE

WHEREAS, an application was received from William Maston Architect, Associates for a Tentative Map For Eight Residential Condominium Units at 982 Bonita Avenue (Application No. PL-2017-147); and

WHEREAS, on May 15, 2018, at a duly noticed public hearing, the Subdivision Committee considered this request and recommended the Tentative Subdivision Map be approved subject to the attached conditions of approval; and

WHEREAS, on May 15, 2018, the City Council held a public hearing on said request and received and considered all evidence presented at said hearing, including the attached conditions of approval;

NOW, THEREFORE, BE IT RESOLVED, pursuant to the Subdivision Map Act, that the City Council of the City of Mountain View finds:

1. The approval of the Tentative Map is in compliance with the California Environmental Quality Act (CEQA) as the project qualifies as categorically exempt per Section 15332 ("In-Fill Development Projects") because the project is consistent with the General Plan Land Use Designation and policies and all zoning regulations and designations; it occurs within the City limits, is located on a project site of no more than five acres, is substantially surrounded by urban uses; the site has no known habitat for endangered, rare, or threatened species; the project would not result in any significant impacts relating to traffic, noise, or air quality; and the site can be served by all required utilities and public services.

2. That pursuant to Section 66473.5 and Subsections (a) and (b) of Section 66474 of the Government Code, and Section 28.8 of the Mountain View City Code, the City Council hereby finds that the proposed subdivision, together with the provisions for its design and improvement, is consistent with the General Plan Land Use Designation of Medium-Density Residential of the City, including all required elements therein applicable to said property.

3. That the Tentative Map for 982 Bonita Avenue is hereby approved subject to the subdivider's compliance with all of those conditions of approval as required by the Subdivision Committee and attached hereto and incorporated herein by reference.

TIME FOR JUDICIAL REVIEW

The time within which judicial review of this decision must be sought is governed by California Code of Civil Procedure, Section 1094.6, as established by Resolution No. 13850, adopted by the City Council on August 9, 1983.

The foregoing Resolution was regularly introduced and adopted at a Special Meeting of the City Council of the City of Mountain View, duly held on the 15th day of May 2018, by the following vote:

AYES: Councilmembers Abe-Koga, Clark, McAlister, Rosenberg, Showalter, Vice Mayor Matichak, and Mayor Siegel

NOES: None

ABSENT: None

ATTEST:

APPROVED:

LISA NATUSCH
CITY CLERK

LEONARD M. SIEGEL
MAYOR

I do hereby certify that the foregoing resolution was passed and adopted by the City Council of the City of Mountain View at a Special Meeting held on the 15th day of May 2018, by the foregoing vote.

City Clerk
City of Mountain View

- Exhibits: A. Subdivision Conditions of Approval
B. Tentative Map for Eight Residential Condominium Units

SUBDIVISION CONDITIONS
APPLICATION NO.: PL-2017-148
982 BONITA AVENUE

1. **MAP SUBMITTAL:** File a Tentative Tract Map for approval and recordation in accordance with the City Code and the California Subdivision Map Act prior to the issuance of any building permit for the property within the subdivision. All existing and proposed easements are to be shown on the map. Submit two black-line copies of the map to the Public Works Department for review together with all items on the Map Checklist concurrent with the Off-Site Improvement Plans.
2. **MAP DOCUMENTS:** Submit a subdivision guarantee, County Tax Collector's letter regarding unpaid taxes or assessments, and subdivision security if there are unpaid taxes or special assessments prior to the approval and recordation of the map.
3. **SOILS REPORT:** Soils and geotechnical reports prepared for the subdivision shall be indicated on the Tentative Tract Map. Submit a copy of the report with the Tentative Tract Map.
 - a. As required by the State Seismic Hazards Mapping Act, a project site-specific geotechnical investigation shall be conducted by a registered soils/geologist identifying any seismic hazards and recommending mitigation measures to be taken by the project. The applicant, through its registered soils engineer/geologist, shall certify the project complies with the requirements of the State Seismic Hazards Mapping Act. Indicate the location (page number) within the geotechnical report of where this certification is located or provide a separate letter stating such.
4. **FINAL MAP APPROVAL:** The final map shall be signed and notarized by the owner and engineer/surveyor and submitted to the Public Works Department with an 8.5"x11" reduction of the map. In order to place the approval of the final map on the agenda for the City Council, all related materials and agreements must be completed, signed, and received by the Public Works Department 40 calendar days prior to the Council meeting. After City Council approval, the City will sign the map and provide a Xerox mylar copy. The applicant's title company shall have the County Recorder's Office record the original and endorse the Xerox mylar copy. The endorsed Xerox mylar copy and PDF shall be returned to the Public Works Department within one week after recording the map.
5. **MAP PLAN CHECK FEE:** Prior to issuance of any building permits and prior to approval of the parcel map as applicable, the applicant shall pay the map plan check fee in accordance with Sections 28.27.b and 28.19.b of the City Code per the rates in effect at time of payment.

An initial map plan check fee based on the Public Works fee schedule shall be paid at the time of initial map plan check submittal.
6. **SUBDIVISION FEES:** Pay all subdivision fees due in accordance with the rates in effect at the time of payment prior to the approval of the parcel map.
7. **PARK LAND DEDICATION FEE:** Prior to issuance of any building permits and prior to approval of the parcel map as applicable, the applicant shall pay the Park Land Dedication Fee (approximately \$15,000 to \$30,000 per unit) for each new residential unit in accordance with Chapter 41 of the City Code prior to the issuance of the building permit. No credits against the Park Land Dedication Fee will be allowed for the private open space and recreational facilities. Provide the most current appraisal or escrow closing statement of the property with the following information to assist the City in determining the current market value of the land: (1) a brief description of the existing use of the property; (2) square footage of the lot; and (3) size and type of each building located on the property at the time the property was acquired.

8. **WATER AND SEWER CAPACITY CHARGES:** The water and sewer capacity charges for residential connections are based on the number and type of dwelling units. There are separate charges for different types of residential categories so that the capacity charges reasonably reflect the estimated demand of each type of connection. The water and sewer capacity charges for nonresidential connections are based on the water meter size, and the building area and building use, respectively. Credit is given for the demand of the improvements that previously existed on the site. Fees need to be paid per the Public Works Fee Schedule prior to Public Works approving the parcel map.
9. **STREET DEDICATION:** Dedicate a public street in fee/easement as required by the Public Works Director, on the face of the map to widen Bonita Avenue, 30' from the centerline of the street.
10. **UTILITY EASEMENT AND APPROVALS:** Dedicate utility easements as required by the utility companies and as approved by the Public Works Director. All street and public service easement dedications are to be shown on the parcel map. The subdivider shall submit two copies of the map to PG&E, AT&T (SBC), and Comcast for their review and determination of easement needs. The public service easement dedications must be approved by the utility companies prior to the approval of the parcel map.
11. **PUBLIC UTILITY EASEMENT:** Dedicate a public utility easement for the proposed public dry utilities. The easement shall have a width of 7' to allow for the porches and storm drain manhole. Encroachments into PUE should not preclude or unreasonably interfere with the City's ability to use the easement for the intended purposes. The PUE must be kept free and clear of buildings and other permanent structures. Examples of structures that are not allowed within the PUE include, but are not limited to, the following:
- Garages, sheds, carports, and storage structures;
 - Any projections/overhang such as balconies, porches, building overhangs, cantilevers, or bay windows;
 - Retaining walls;
 - C.3 bioretention systems; and
 - Private utility lines running longitudinally within the PUE.
- The property owner should not modify or obstruct the easement area in a manner contrary to the intent of the easement. The property owner retains the maintenance responsibility for surface improvements.
12. **CC&Rs:** Covenants, Conditions, and Restrictions (CC&Rs) for the homeowners association, together with a completed CC&R checklist, shall be submitted to and approved by the City Attorney's Office and the Community Development Department prior to approval and recordation of the map. The said covenants shall include and stipulate all of the standard provisions which are shown on the attached sheet. The checklist and proposed CC&Rs shall be annotated to show exactly where each of the standard provisions have been incorporated into the CC&R document.
13. **CC&Rs, PARKING PROHIBITION:** Parking shall be prohibited within the common driveways, excluding approved guest parking, as the parking would obstruct the use of the driveway. These parking prohibitions shall be stated within the Covenants, Conditions, and Restrictions (CC&Rs). Submit a copy of the CC&Rs with this provision highlighted to the Public Works Department for review and approval. The common driveway shall be signed and/or striped as "No Parking" or "No Parking—Fire Lane."
14. **CC&Rs, SPECIAL PAVEMENT MAINTENANCE:** The homeowners association shall be responsible for replacing

any special pavers or textured/colored concrete that is removed by the City to repair, replace, or maintain any City underground utilities located within private streets, driveways, or easement areas. This requirement shall be stated in the Covenants, Conditions, and Restrictions (CC&Rs). A copy of the CC&Rs with this provision marked or highlighted shall be submitted to the Public Works Department for review and approval.

15. **CC&Rs, GARBAGE PICKUP:** The Covenants, Conditions, and Restrictions (CC&Rs) shall include a provision stating that the homeowners or homeowner association are responsible for bringing their garbage cans, totes, and recycling containers to the appropriate location along the public street on when Recology is at the site to pick up the items and removed promptly following service. Cans, totes, and containers are not allowed to be stored on the public street. An exhibit indicating the location of the bins on pick-up day shall be included. A copy of the CC&Rs with this provision marked or highlighted shall be submitted to the Public Works Department for review and approval.
16. **CC&Rs, PRIVATE UTILITY MAINTENANCE PLAN, AND SANITARY SEWER OVERFLOW PLAN:** The Covenants, Conditions, and Restrictions (CC&Rs) shall include a provision that the homeowners association prepare a private utility maintenance plan for on-site water, sanitary sewer, and storm drainage facilities. The maintenance plan shall include such elements as flushing of the sanitary sewer and storm lines, cleaning of storm drain inlets and grates, and inspection of the water system (including flushing and exercising of valves and blowoffs). The CC&Rs shall also include a provision that the homeowners association prepare a sanitary sewer overflow plan, which includes elements such as 24-hour contact information, response times, confinement, and methods to contain and remediate spills.
17. **PUBLIC IMPROVEMENTS:** Install or reconstruct standard public improvements that are required for the subdivision and as required by Chapters 27 and 28 of the City Code. These improvements include new curb, gutter, and sidewalk for the entire frontage, new ADA-compliant driveway, new domestic, fire and irrigation water services, meters and apparatus, new sanitary sewer connection, and new storm drain connection.
 - a. **IMPROVEMENT AGREEMENT:** The property owner must sign a Public Works Department improvement agreement for the installation of the public improvements prior to the approval of the parcel map. Sign a Public Works Department faithful performance bond (100 percent) and materials/labor bond (100 percent) or provide a letter of credit (150 percent) or cash security (100 percent) securing the installation and warranty of the off-site and on-site common improvements in a form approved by the City Attorney's Office. The surety (bond company) must be listed as an acceptable surety on the most current Department of the Treasury's Listing of Approved Sureties on Federal Bonds, Department Circular 570. This list of approved sureties is available through the Internet at: www.fiscal.treasury.gov/fsreports/ref/suretyBnd/c570_a-z.htm. The bond amount must be below the underwriting limitation amount listed on the Department of the Treasury's Listing of Approved Sureties. The surety must be licensed to do business in California. Guidelines for security are available at the Public Works Department. Any changes to the standard agreement will require an additional one- to three-week processing time with the City Attorney's Office.
 - b. **INSURANCE:** Provide a certificate of insurance and endorsement naming the City an additional insured from the entity that will sign the improvement agreement prior to the approval of the Tentative Tract Map. The insurance coverage amounts are a minimum of Two Million Dollars (\$2,000,000) Commercial General Liability, Automobile Liability, and Workers' Compensation. The insurance requirements are available from the Public Works Department.
18. **OFF-SITE IMPROVEMENT PLANS:** Prepare off-site public improvement plans in accordance with Chapter 28 of the City Code, the City's Standard Design Criteria, Submittal Checklist, Plan Review Checklist, and the conditions of approval of the project. The plans are to be drawn on 24"x36" sheets at a minimum scale of 1" = 20'. The plans shall be stamped by a registered civil engineer and shall show all public improvements and other applicable work within the public right-of-way. A traffic control plan indicating, but not limited to, the work areas, delineators, signs, and other traffic control measures is required for work that impacts traffic on an existing street.

Improvement plans (10 sets), an initial plan check fee and map plan check fee based on the Public Works fee schedule, Improvement Plan Checklist, and items noted within the checklist must be submitted together as a separate package concurrent with the first submittal of the building plans. The improvement plans must be approved and signed by the Public Works Department. After the plans have been signed by the Public Works Department, 10 black-line sets, 1 Xerox mylar (4 mil) set of the plans, and CD with CAD file and PDF must be submitted to the Public Works Department prior to the approval of the Tentative Tract Map. CAD files shall meet the City's Digital Data Submission Standards.

19. **INFRASTRUCTURE QUANTITIES:** Submit a completed construction cost estimate form indicating the quantities of the improvements with the submittal of the improvement plans. The construction cost estimate is used to estimate the cost of improvements and to determine the Public Works plan check and inspection fees. The construction cost estimate is to be prepared by the civil engineer preparing the improvement plans and stamped and signed.
20. **UNDERGROUNDING OF OVERHEAD SERVICES:** All new and existing electric, telephone, and cable television services serving the subdivision are to be placed underground (including transformers). The undergrounding of the new and existing electric, telephone, and cable television services is to be completed prior to issuance of a Certificate of Occupancy for any new buildings within the subdivision.
21. **JOINT UTILITY PLANS:** Submit joint utility plans showing the location of the proposed electric, gas, telephone, and cable television conduits and vaults. These plans shall be combined with and made part of the improvement plans. Dedicate public utility easements that are necessary for the common utility on the Tentative Tract Map.
22. **UTILITY PAYMENT AGREEMENT:** Prior to the approval of the Tentative Tract Map, sign a utility payment agreement and post a security deposit made payable to the City as security if each unit or building does not have separate sewer connections and water meters in accordance with Section 35.38 of the City Code. The utility payment agreement shall include provisions to have the security transferred from the applicant to the homeowners association (but still made payable to the City) when the homeowners association is formed for the subdivision.
23. **UTILITY MAINTENANCE:** On-site water, sanitary sewer, and storm drainage facilities shall be privately maintained.
24. **STORM DRAIN HOLD HARMLESS AGREEMENT:** Prior to the approval of the Tentative Tract Map, sign a storm drain hold harmless agreement if there are any proposed on-site storm inlets with grates below the elevation of street curb to be connected to the City's storm drain system.
25. **SANITARY SEWER HOLD HARMLESS AGREEMENT:** Prior to the approval of the Tentative Tract Map, if the sanitary sewer connection(s) inside the structure(s) is/are less than 1' above the rim elevation of the upstream sanitary sewer manhole, the owner shall sign an agreement to hold the City harmless against sewer surcharges or blockages that result in on-site damage.
26. **SURFACE DRAINAGE RELEASE:** Provide a surface stormwater release for the lots, driveways, alleys, and private streets that prevents the residential buildings from being flooded in the event the storm drainage system becomes blocked or obstructed.
27. **CONSISTENCY WITH OTHER APPROVALS:** This map shall be consistent with all requirements of the Planned Unit Development, Application No. PL-2017-148. All conditions of approval imposed under that application shall remain in full force and effect and shall be met prior to approval of the Tentative Tract Map.
28. **APPROVAL EXPIRATION:** If the map is not completed within twenty-four (24) months from the date of this approval, this map shall expire. Upon application of the subdivider, an extension of time not to exceed an additional twelve (12) months may be granted by the Subdivision Committee. Prior to the expiration of an

approved or conditionally approved tentative map or preliminary parcel map, upon the application by the subdivider to extend that map, the map shall automatically be extended for sixty (60) days or until the application for the extension is approved, conditionally approved or denied, whichever occurs first.
