

DRC Meetings – Public Comments Summary

6/21/2017

- Consider Stevens Creek bike path connection to the project greenway.
- Can a bike connection be added to existing retail in area.
- Add more vegetation between the bike path and Santiago Villa.
- Consider more stops along the bike path.
- Balconies along bike path may need more screening.

9/6/17

- Like simplified massing and urban look.
- Feels very cold, heavy, and dense.
- Parts are too simple; looks too East Coast, like the Bronx or Queens Color needs work.
- use more white or contemporary look.
- Why no rounded corners? Where are the stoops? Interlocking frames---look cheap!
- Avoid mistakes of other Downtown/San Antonio/El Camino projects where materials look cheap; identify and use high-quality materials.
- Like live/work units at the ground floor and building amenities at corners.
- Possible to protect large oak near South bldg. (southeast corner of site).

2/7/2018

- Support deletion of yellow railings.
- Can one-way bike icons/images be added to Pear Avenue area.
- Can shade trees be added in front of new office building along Inigo, very sunny.
