9.1 Review Library Services Director's Report

- Library Director, Tracy Gray gave an updated on the first graduate from the career online high school program in which the Mayor attended. Gray noted there are a few other participants currently in the program as well. Noting that this was a California State fund that we received in which the Friends of the Library also contributed to with their donations for the program. The Library is still holding Outdoor Story time, Tax prep and Eviction Help services. There will be some in person program by registration, virtual/outdoor programs/services are still going on. Filling four vacancies including hourly positions has been challenging for the department as we are currently short staffed. Also noting that digital materials have significantly increased.

- Chair, Paul Donahue noting the new addition of the State Park passes at the Library for check out.

Library Director, Tracy Gray noted the public is highly interested as there is an increase on the hold reservations for the park passes. Library has received four passes.

- Vice Chair Sharon Su inquired about an update for changes with the security services at the Library.

Library Director, Tracy Gray made clarification of duties between the Police Assistant, Building Attendant and security officers. Contracting new security services through a bidding process that has recently been approved to a new security agency.

- Member, Beckman-Harned shared that Vita Tax completed a total of 133 returns, with 127 E-filed and only six filed by paper. They had 11 volunteers and seven sessions in the month of March/April. A normal year would completed between 200-250 returns prior to Covid-19.

- Vice Chair Sharon Su asked about the statistics on how many times the Library has been used as a cooling center and Member, Beckman-Harned asked if anything is done differently by staff when the Library is a designated cooling center.

Library Director, Tracy Gray mentioned that staff may open up the program room for overflow to allow for patrons to sit. No statistics, but will look into the foot traffic and if that only increases due to being a cooling center.
