

ORDINANCE NO.

AN ORDINANCE OF THE CITY OF MOUNTAIN VIEW AMENDING SECTIONS OF  
CHAPTER 36 (ZONING ORDINANCE) OF THE CITY CODE TO UPDATE  
ACCESSORY DWELLING UNIT REGULATIONS TO ALIGN WITH STATE LAW

WHEREAS, the City Council of the City of Mountain View has reviewed and considered the September 16, 2020 recommendation of the Environmental Planning Commission relating to Zoning Text Amendments – to Chapter 36 of the Mountain View City Code; and

WHEREAS, the City Council of the City of Mountain View finds and declares that Chapter 36, entitled “Zoning,” of the Mountain View City Code should be amended to be consistent with recent amendments to State Law (Government Code Sections 65852.2 and 65852.22) regarding accessory dwelling units and junior accessory dwelling units;

THE CITY COUNCIL OF THE CITY OF MOUNTAIN VIEW DOES HEREBY  
ORDAIN AS FOLLOWS:

Section 1. Council Findings. On September 16, 2020, the Environmental Planning Commission held a duly noticed public hearing and reviewed all project materials, staff reports, public testimony, and environmental review on said Zoning Text Amendments and adopted a resolution recommending City Council approval of the Zoning Text Amendments.

The City Council finds and determines, at a duly noticed public hearing on October 27, 2020, that the following Zoning Text Amendments are consistent with the General Plan of the City of Mountain View based upon the following findings made pursuant to Section 36.52.70 of the City Code:

a. The proposed Zoning Text Amendments are consistent with the General Plan because they support policies of the 2015-2023 Housing Element by removing constraints to the development of accessory dwelling units, as provided in Program 4.3, and with the land-use policies and action plan of the 2030 General Plan because they update the Zoning Ordinance to address outdated or inconsistent policies with legislative updates by the City, State, or Federal agencies; and

b. The proposed Zoning Text Amendments will not be detrimental to the public interest, health, safety, convenience, or welfare of the City because they are required to be consistent with State law and will allow the City's provisions regarding accessory dwelling units to remain enforceable; and

c. The proposed amendments are internally consistent with Chapter 36 (Zoning) of the Mountain View City Code; and

d. The action to modify Chapter 36 for updates to the zoning text is statutorily exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to Section 21080.17 of the Public Resources Code, which provides that CEQA does not apply to the adoption of an accessory dwelling unit ordinance to implement the provisions of Section 65852.2 of the Government Code. In addition, the action being considered does not constitute a “project” within the meaning of CEQA pursuant to CEQA Guidelines Section 15061(b)(3) as these changes have no potential for resulting in either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment.

Section 2. Chapter 36, Article III, Division 2, Section 36.06.50 of the Mountain View City Code is hereby amended to read as follows:

“**SEC. 36.06.50. Exemptions from zoning permit requirements.**

Further, fences over three (3) feet in height adjacent to the side street property line shall be set back where the side street fence approaches an adjacent lot's front yard in order to create a side (or rear) triangular traffic safety visibility area for the adjacent lot at the side (or rear) of the corner parcel. This triangle is formed by measuring ten (10) feet from the intersection of the street side property line of the corner parcel and the side property line of the adjacent parcel, along both property lines, and then connecting the two (2) points across the corner parcel.
