Hi Hang,

In regard to the development project PL-2023-197 on 236 Castro St, to which the zoning hearing to be held on April 24, I would like to express my strong support to it.

I am a long-time resident of downtown Mountain View and also a property owner who run a business for over 30 years in downtown. I recently had a talk with the representative of 236 Castro, Boyd Smith, who spent a great amount of time explaining his plan for the site.

I really strongly support this project especially during the economic slow in downtown. I think this is a very encouraging project.

Thank you and have a great day!

Best wishes,

Robert Chang
