

## ADVISORY BODY PROJECT INPUT FOR FISCAL YEARS 2019-20 AND 2020-21 CITY COUNCIL MAJOR GOALS

At the February 28, 2019 Study Session, the City Council decided that the four major priority goals from Fiscal Year 2017-18 through Fiscal Year 2018-19 will continue with minor revisions as the Major Goals for the new biannual Work Plan. Those goals are:

1. Promote strategies to protect vulnerable populations and preserve the socioeconomic and cultural diversity of the community.
2. Improve the quantity, diversity, and affordability of housing with an added focus on middle income and ownership opportunities.
  - This goal may include a minor revision adding language related to a focus on subsidized housing.
3. Develop and implement comprehensive and coordinated transportation strategies to achieve mobility, connectivity, and safety for people of all ages.
4. Promote environmental sustainability with measurable outcomes.
  - This goal may include a minor revision adding language related to promoting Livability.

The next step in the process is to gather input from advisory bodies and City staff about these and other potential high-priority projects that might support accomplishment of the Major Goals. Council will hold a second Study Session on April 23, 2019 to confirm the Major Goals statements, receive advisory body and department staffs' input on projects, hear public comments, and prioritize potential projects.

Please do the following for each major goal:

- A. Review the suggested projects in Attachment 1.
- B. Propose any projects that are more important which are missing from the suggested projects list.
- C. By action of the advisory body as a whole (consensus or majority), provide input about which Council suggested and/or new advisory body suggested projects are most important.
- D. Provide any other feedback.

**NOTE:** An advisory body can choose to provide no input on a goal.
