TITLE: **Adopt a Resolution Acknowledging Receipt of the SB 1205 Mandatory Fire Inspection Report**

RECOMMENDATION

Adopt a Resolution Acknowledging Receipt of a Report Made by the Fire Chief of the Mountain View Fire Department Regarding the Inspection of Certain Occupancies Required to Perform Annual Inspections in Such Occupancies, Pursuant to Sections 13146.2 and 13146.3 of the California Health and Safety Code, to be read in title only, further reading waived (Attachment 1 to the Council report).

BACKGROUND

California Health and Safety Code Sections 13146.2 and 13146.3 require all city or county fire departments to conduct annual fire inspections in every building used as a public or private school, hotel, motel, lodging house, and apartment house. Senate Bill 1205, approved in September 2018, added California Health and Safety Code Section 13146.4, requiring all city or county fire departments to report compliance with the mandated inspections to its administering authority. For the Mountain View Fire Department, the administering authority is the Mountain View City Council. The resolution presented with this item (Attachment 1) provides the required report to the Mountain View City Council summarizing the Mountain View Fire Department's compliance status with these mandated fire inspections.

ANALYSIS

The resolution formally reports that Mountain View Fire Department personnel completed 100 percent of the annual fire inspections at occupancies required to be inspected in California Health and Safety Code Sections 13146.2 and 13146.3. The inspections are summarized below by occupancy category:

- Education Group E Occupancies—70 Group E occupancies exist in the City of Mountain View, and all Group E facilities were inspected in 2019.

- Residential Group R Occupancies—865 Group R occupancies exist in the City of Mountain View, including 18 R-1 and 847 R-2 facilities, and all Group R facilities were inspected in 2019.

FISCAL IMPACT – There is no fiscal impact associated with this resolution.
