

PROPOSED 2022 STATE LEGISLATIVE PLATFORM

PURPOSE

Mountain View's Legislative Platform confirms the City Council's position on current legislative matters with the potential to affect the City directly or indirectly. The Legislative Platform is a guiding document for the City to utilize to promote and preserve the City's interests at the State level. City staff will coordinate with advocacy services and regional partners as appropriate to monitor and assess State legislation and administrative or regulatory proposals and take action in alignment with the adopted Legislative Platform to advance and protect the City interests, as necessary.

CITY COUNCIL STRATEGIC PRIORITIES

The City of Mountain View provides many critical services, programs, and projects to fulfill its mission and help make Mountain View a great community in which to live, work, visit, and play. In June 2021, the City Council adopted seven (7) strategic priorities for Fiscal Years 2021-22 and 2022-23:

1. Community for All: Support Mountain View's socioeconomic and cultural diversity. Engage and protect vulnerable populations through policies that promote access to housing, transportation, and other programs and services.
2. Livability and Quality of Life: Enhance Mountain View as a great place to live that values community health and well-being. Preserve Mountain View's unique character, restore wildlife habitats, and promote arts and culture. Provide parks, open space, and other key amenities.
3. Intentional Development and Housing Options: Support and increase the quantity and diversity of housing options, including assistance for the unhoused. Provide opportunities for affordable housing as well as home ownership. Plan for neighborhoods with nearby transit, jobs, and amenities that balance density with livable, green, mixed-use development.

4. Mobility and Connectivity: Develop a mobility network that enhances connectivity across Mountain View and establishes green corridors. Promote transit and safe, active transportation options that reduce single-occupancy vehicle trips and traffic and increase walking and biking.
5. Sustainability and Climate Resilience: Through implementation of the Sustainability Action Plan and other actions, reduce and minimize the City's greenhouse gas emissions and prepare for sea level rise. Protect and enhance local ecosystems and biodiversity through rewilding and other measures. Support residents and businesses to adopt sustainable practices and use resources wisely.
6. Economic Vitality: Support a walkable, beautiful, vibrant downtown and accessible village centers that draw residents and visitors. Create an environment where small, local, diverse businesses can thrive across the City alongside large employers. Continue to work in partnership with the business community to ensure Mountain View is a center for innovation with meaningful jobs for workers.
7. Organizational Strength and Good Governance: Continue to innovate, collaborate, and continuously improve to deliver a high level of customer service. Recruit, develop, and retain top-notch staff. Maintain fiscal responsibility and effective intergovernmental partnerships. Communicate and engage regularly and transparently with our multilingual community.

ADVOCACY POSITIONS FOR ADOPTION

Support: A support position indicates to the Legislature, regulatory agency, and other stakeholders that the City of Mountain View is in favor of both the spirit of the proposed law as well as in support of the technical approach in which the proposed law seeks to address the issue.

Oppose: An oppose position indicates to the corresponding Legislature, regulatory agency, and other stakeholders that the City of Mountain View is strongly against the proposed legislative policy proposal. Barring an amendment that would exempt the City from its provisions, it is unlikely the proposal could be feasibly amended to remove all concerns.

Oppose Unless Amended: An oppose unless amended position indicates to the corresponding Legislature, regulatory agency, and other stakeholders, that the City of Mountain View has concerns about either the spirit of the law and/or the specific approach being taken unless all, or a significant number, of the substantive concerns with the proposal are addressed. This position is often used to ensure policies can be modified to better suit the City's goals through the negotiation and amendment process.

Neutral: A neutral position indicates to the corresponding Legislature, regulatory agency, and other stakeholders that the City of Mountain View is impartial on the legislative proposal in question. Typically, this position is adopted after amendments have been taken to address policy concerns on a particular piece of legislation.

Sponsor/Cosponsor: A sponsor or cosponsor position indicates to the corresponding Legislature, regulatory agency, and other stakeholders that the City of Mountain View is not only in strong support of the legislative proposal but is publicly leading the advocacy effort. This position is only used when a State lawmaker has agreed to carry a specific proposal on behalf of the City.

Monitor/Watch: Indicates to the corresponding Legislature, regulatory agency, and other stakeholders, that the City of Mountain View is dedicating resources to review, evaluate, and monitor the proposal. If the City is undecided on how to proceed on the measure in print, staff will continue to watch for amendments that may cause concern or provide tools/resources for the City – taking the appropriate (formal) position at that time.

LEGISLATIVE PLATFORM STATEMENTS

Administration, Finance, Human Resources and Risk Management

- Support maximum flexibility for local government in contracting.
- Support legislation that promotes efforts to advance workplace diversity, equity, and inclusion.
- Support legislation that facilitates the ability of local government to share resources to increase efficiencies and decrease costs, including models such as mutual aid and regional collaboration in the provision of fire services.
- Monitor and evaluate Proposition 13 and City and County tax apportionment proposals.
- Monitor and evaluate any Bradley-Burns sales tax proposals.
- Monitor and evaluate all proposals that include an unfunded mandate to local governments.
- Oppose any amendment to the redistribution of sales and use taxes that will affect the City and its ability to provide City services and thereby cause a negative fiscal impact.

- Oppose measures that reduce local control over employee relations issues or mandate new or enhanced local government employee benefits.
- Oppose measures that impose compulsory and binding arbitration with respect to employees.
- Support efforts to maintain fiscal solvency with respect to unfunded pension and retiree health-care liability. Support efforts that decrease local costs.
- Support legislation and administrative efforts that provide clarity and flexibility in CalPERS workplace rules, including working after retirement and the use of contract service providers.
- Support efforts that will protect the revenue base for the City.
- Oppose actions that seek to reduce or redirect City revenues.

Governmental Transparency and Public Access

- Support legislation that balances increased public trust, confidence, and access to public meetings while realizing the fiscal and operational constraints of local government.
- Support legislation that would increase civic participation and engagement, including the continued allowance of legislative subcommittees, advisory committees, and commissions to participate virtually (post-COVID-19 state of emergency) without physical location posting requirements under the Ralph M. Brown Act.
- Support legislation that would permit a minority amount of virtual Councilmember participation without physical location posting, so long as a physical in-person quorum is present.
- Support State funding efforts to assist with enhanced public access for members of the community.
- Oppose legislation that increases the cost of municipal elections through unnecessary new requirements.
- Support legislation that would permit the City to provide electronic copies of documents to satisfy requirements in the California Public Records Act (CPRA).

- Monitor and evaluate proposals that create new mandates under the CPRA without State reimbursement provisions.
- Monitor and evaluate proposals that requires a one-size-fits-all local record retention policies.

Housing and Community Development

- Support legislation that provides more resources and tools that enable Mountain View to address housing needs specific to the community, including the balance of increased housing with equitable service delivery and capacity.
- Monitor and evaluate housing proposals that take a “one-size-fits-all” approach. Specifically, advocate for modifications in proposals to recognize communities like Mountain View that are good actors in addressing community-housing needs.
- Support legislative and/or funding efforts that provide more resources for effective planning to meet the City’s goal of developing complete communities.
- Support legislation that will enable the City to meet its Regional Housing Needs Assessment (RHNA) goals, including legislation that increases funding for housing and legislation that increases flexibility in housing types that count toward RHNA goals.
- Support legislation and funding opportunities that preserve existing affordable housing stock while protecting housing options for extremely low-, very low-, low-, and middle-income residents.
- Support antidisplacement legislation that promotes and protects the ability of residents to remain and stay in the community, including tenant protection, replacement requirements, and antiprice-gouging policies.
- Support legislation that would incentivize increased production of missing middle, low-, very low-, and extremely low-income housing production while allowing Mountain View to retain its local land-use authority.
- Support legislative or funding mechanisms that promote affordable housing projects to meet the unique populations of City residents.
- Support legislation that allows for affordable housing ownership opportunities to help create an avenue for economic mobility.

- Support housing funding opportunities provided to local jurisdictions through Statewide bond efforts.
- In lieu of the loss of revenues generated by redevelopment agencies, support legislation and State funding that would enable the City to enter or extend local-affordability covenants.
- Support housing measures that promote the preservation of existing affordable housing.
- Support legislation that would provide additional time and resources to improve Housing Element processes.
- Support legislative efforts that increase school funding to keep pace with community growth.
- Monitor and evaluate legislation that affects efforts to affirmatively further fair housing, including legislation that supports Mountain View's efforts to promote greater access to affordable housing.
- Monitor and evaluate legislation that affects rent stabilization, and oppose efforts to diminish the City's Community Stabilization and Fair Rent Act (CSFRA).
- Monitor and evaluate telecommunication proposals that impact the regulation of telecommunication facilities.
- Monitor and evaluate electric vehicle (EV) proposals that impact the regulation and implementation of EV infrastructure or management.
- Monitor and evaluate solar proposals that impact the regulation and implementation of solar infrastructure or management.
- Support child-care/day-care proposals that support the increase in child care within the community.
- Monitor and evaluate alcohol, tobacco, and cannabis proposals that impact the regulation of land use provisions pertaining to the sale, use, or regulation of alcohol, tobacco, and cannabis.

Homelessness

- Support legislative and/or funding mechanisms for safe parking programs—including removing all sunset provisions set to expire.
- Support efforts to increase Federal and State funding to prevent and reduce homelessness in Mountain View and throughout Santa Clara County.
- Support legislation and/or funding mechanisms that promote regional programs to address homelessness and support formerly homeless individuals, including funding for temporary emergency shelters, rapid rehousing, permanent supportive housing, and other supportive services for vulnerable populations.
- Support measures that provide resources to address the mental health needs of persons experiencing homelessness.
- Review and evaluate proposals that would reduce staff capacity and drain limited resources to help Mountain View's most vulnerable populations through the creation of unnecessary and burdensome planning and reporting requirements.
- Advocate for State funding to be included in mandates to address homelessness.

Economic Development

- Support international, Statewide, regional, and local efforts to attract, retain, and provide resources for current and future technology-based, commercial, and industrial businesses.
- Support efforts to provide funding mechanisms for economic development tools, including infrastructure investment, housing, child care, schools, and other needs critical to a foundation of equitable economic resiliency.
- Support policies, programs, and funding that encourage working with other cities, counties, and government agencies to jointly leverage resources and assets to create and strengthen economic clusters within the region.
- Support policies, projects, programs, and regulations for diversifying Mountain View's primary economic base and facilitating investment that will result in maintaining or growing local jobs and creating an environment that is attractive to current and emerging industries.
- Support policies, projects, and programs in support of business and workforce resiliency and addressing more equitable economic growth.

- Support economic development initiatives that preserve and enhance a positive business climate and maintain and grow the business tax base.
- Maintain an equitable program for the continued disbursement of sales and use taxes, which reflect local impacts on various communities.

Environment, Climate Change, and Sustainability

- Support legislation that provides funding opportunities focused on coordinating sustainable planning in transportation, housing, and economic development.
- Support continued funding and incentives to local agencies to work together to improve air quality through the reduction of emissions and advancing economic and technical developments.
- Support policies, guidelines, incentives, and funding for programs with combined benefits to air quality, water quality, housing, infrastructure (including multi-modal transportation systems) and public health.
- Advocate for increased funding for electric vehicle charging stations with residential and commercial users.

Water Quality and Water Supply

- Support and monitor legislation that would increase the availability of, and funding for, water conservation, water reuse technologies, water recycling, local water storage, and other water supply technologies such as the Groundwater Replenishment System project.
- Support the enhancement of a reliable and sustainable water supply for California.
- Support measures to increase water supply and improve water quality in the region, including drought relief legislation.

Natural Hazards

- Support programs which provide funding to hazard mitigation projects, including those identified in a FEMA-approved Local Hazard Mitigation Plan.
- Support funding of State efforts to update and prepare earthquake hazard mapping.

- Support legislation and funding that would create an earthquake early warning system.

Recreation and Parks

- Support legislation and funding opportunities (e.g., State Park grant funds, conservancy grant funds, and project mitigation funds) that would help the City fund improvements for parks, open space, natural resources, historic preservation, the arts, and cultural resources.
- Support and encourage noncompetitive per-capita funding measures offered through the Natural Resources Agency, State Parks and Recreation for the benefit of City Parks and Recreation capital projects.
- Support efforts to fund the Housing-Related Parks Program offered through the Department of Housing and Community Development.
- Promote local agency control over policies that recognize the benefits of parks and recreation facilities.
- Oppose efforts that erode funding for vital regional and community services that negatively impact Californian's access to parks, open space, bikeways, after-school programming, youth services, senior services, food programs, facilities that promote physical activity, protect natural resources, and strengthen safety and security.
- Oppose legislation that eliminates or reduces park development impact fees necessary for providing parks for new housing developments.

Public Safety, Emergency Services, and Law Enforcement

- Support legislation that strengthens community-oriented public safety policies.
- Support legislation and funding that will help local governments with improving community policing and rebuilding community trust through officer training and a proactive behavioral therapy approach for crises involving mental illness, homelessness and addiction, and support programs.
- Support legislation that would increase accountability and transparency for law enforcement agencies and personnel.
- Support legislation that promotes and strengthens law enforcement and first-responder access to mental health services, including peer support, training, family resources, suicide prevention, and other promising practices for wellness programs.

- Support legislation and funding opportunities that promote situational awareness during emergency events and evacuations.
- Monitor legislation on implementation of best practices regarding law enforcement procedures and policies.
- Support legislation that encourages regional collaboration and deployment of resources to maximize firefighting efforts.
- Support local control of emergency medical services and ambulance services, including prehospital care and transport.
- Support local determination of adequate staffing based on data and analytics.
- Recommend funding opportunities be created for public safety to include diversity in police and fire hiring, recruiting, and education practices.
- Support legislation that coordinates public safety shutoff events between customers, regulators, government officials, and public safety partners.

Transportation and Public Works

- Support legislation that would increase funding for local transportation projects, including road resurfacing projects; local transit and shuttle projects; adding bikeways, sidewalks, and trails throughout the City where appropriate; programs that facilitate development-oriented transit and transit-oriented development; and enhancing bicycle and pedestrian safety.
- Support increased State funding of transportation improvements with regional or subregional benefits for all modes of transportation.
- Support legislation that would amend the Pedestrian Mall Law Act of 1960 to streamline the process for a city to make street closures permanent.
- Support protection of dedicated transportation-related tax revenues and enhance the ability of local agencies to finance local transportation programs and facilities.
- Support joint planning efforts and projects with Mountain View's border cities and the County of Santa Clara on traffic congestion relief projects.
- Support legislation and funding that supports Vision Zero programs and project implementation.

- Support efforts that allocate State General Fund surplus revenues to be invested in local/regional transportation projects and initiatives that benefit the City of Mountain View.
- Support policies aimed at equitable access for transportation system users and equitable transportation funding for disadvantaged communities.
- Support funding for electric vehicle (EV) charging stations and the conversion of City shuttle fleets from gas-powered to electric vehicles.
- Seek long-term funding solutions for the ongoing operation of Mountain View's EV community shuttle program.
- Support legislation that preserves net neutrality.
- Support funding for increasing access to broadband, including middle- and last-mile expenditures.
- Oppose measures that undermine local decision-making in installation of broadband services.
- Closely monitor any legislation pertaining to the Surplus Lands Act and oppose measures that limit how land can be used and maintained.
- Support legislation related to Valley Transportation Authority Governance changes that ensures Mountain View is adequately represented on the governing board and fully recognizes Mountain View's transportation needs.
