(As read by Senior City Attorney Wright).

2. Direct staff to work with the Applicant and Bridge Housing for the acquisition and rehabilitation of 660 Mariposa Avenue, and the staff-proposed hybrid option is the first choice, giving the applicant up to 90 days to negotiate in good faith and work with labor, with the fall back option of the acquisition and rehabilitation of 660 Mariposa Ave and five BMR units either at the Villa or Mariposa St (and if two were doable here they would count towards the 5) but requiring City's approval.

Give priority for the five BMR units, two of which can be off-site, and also give a preference to Mountain View residents displaced as a result of a project approved by the City Council any time after January 1, 2019 and if there are two units at Mariposa they would be at the same affordability requirement as other units and the same AMI levels.

Regarding applicants for BMR units, preference will be given to tenants who have been displaced from their last tenancy within the past year of their application and if there are more than one there will be a lottery among them.
