Hello, I am writing regarding the heritage tree at 1553 Meadow Lane. I am a neighbor around the corner on Marilyn Drive, and I do not support removing the tree. We want to retain trees that provide shade and oxygen.

Thank you.

Dear City of MV,

While I respect a homeowners property rights, this tree is huge and the new neighbors saw it when they bought the property. Perhaps the tree could be trimmed to accommodate any new landscaping and keep a 100 year old tree in the neighborhood. I'd like to see some consideration for the tree while making any changes in the rest of the property.
