Hi Mountain View Council,

Congrats on your guaranteed income initiative. It is targeted and you plan to study/measure it's results.

Just the type of "tests" government need to implement.

Which research group will be studying this, and is there a description of the research plan?

I'm fully supportive and look forward to hopefully positive results.

Best,

Barry

Dear Councilmembers,

I applaud Mountain View for commitment to ending homelessness throughout our community. I sincerely hope that you will approve the Memorandum of Understanding (MOU) with County of Santa Clara (Item 4.4 on your agenda) that will add 200-250 affordable homes for Mountain View residents.

I also hope that you will approve the Elevate MV Program (Item 7.1) that will help households with extremely low income and generate valuable data about efficiency of such programs.

Thanks
Michael Abramson
