I am writing as a 33 year resident of Monta Loma. I love my community and my neighbors. One of the key features of my neighborhood is the Monta Loma Park. My dog & I go there frequently, to walk, play ball and meet nice people.

I've been watching, in horror, the proposed plan to deny park access to the community. This is the only green space available to the community and needs to remain available to all. My property taxes support local services and the park is one of the highest priorities to me. There are ways, certainly, to provide both school security and neighborhood use. Please ensure that ALL of our citizens are considered.

Thank you

City Council Members,

I would like to register my concern about the long delayed resolution to access to Monta Loma Park. I understand that the school district board meeting has been unable to determine when a long term agreement could be reached which would give the residents of Monta Loma continued access to the park.

This park has been available for many years and is the only walkable park in this residential area. It is inappropriate for the school board to suddenly decide to challenge community access to the park based on a potential re-imagining of the school model which is 10 to 15 years in the future.

As you know, the Monta Loma neighborhood includes a wide variety of ages from seniors to young families with children. The park has been a valuable resource to the entire community here and I urge you to keep it open.

Thank you.
