City Council members,

Please support Concept Alternative B, expanding the plaza concept and limiting vehicular access. I feel it will be a great asset to Mountain View to have a pedestrian mall on those blocks. As a bonus, it should encourage people to leave their cars at home when visiting Castro and walk, ride their bikes, and/or take public transport.

Regards,  
Bob Sims

City Council:

On September 1, I initiated an online petition asking people to support making the Castro Street closure to vehicles a permanent change.

The petition and other information is available by going to <http://change.org/walkablecastro>, but the petition asks the Mountain View City Council to move forward with:

- Permanent closure to vehicles of the first three blocks of Castro, with the cross streets remaining open
- Attractive landscaping and streetscaping, including the areas behind Castro Street businesses
- Improved signage to help us find the businesses we are looking for
- Regulatory modifications that enable our downtown merchants to respond to their changing markets and environment

As of today, we have received 345 signatures (262 residents and 82 from neighboring cities). The list of petition signatures is attached.

Everyone who signed the survey was notified of tonight's Study Session and we are hoping that the Council moves forward with plans to make Walkable Castro a permanent change rather than just a one year extension on the current temporary set up.
