Subject: Housing Element

Per your discussion of the Housing Element, we would like to support affordable housing south of El Camino Real. We are long-time homeowners in the Cuesta Park neighborhood. One good possibility is the vacant land at Cuesta Park Annex. Another future option would be Blossom Valley Shopping Center. Instead of zoning for offices, please prioritize housing or mixed-use housing/retail to continue to decrease the jobs/housing imbalance in our city. This principle could also be applied to the Charleston Plaza property vacated by REI and other businesses.

Thank you for your volunteer service,

Dave Offen & Gail Nyhan
