Parties are potluck dinners in homes hosted by volunteer homeowners. A schedule of dates (roughly every 6 weeks) is sent out at the beginning of the year and people volunteer to host parties. We lost momentum during Covid. Indoor parties stopped. During 2022, we reinstated parties in the park on Hedgerow Ct. during warmer weather. As of this week, we've sent out a list of suggested party dates asking for volunteers to host in their homes again.</p> <p>Along with the parties we have an email group that the community uses to keep others informed (programs such as earthquake retrofit, handymen, celebrations, warnings, etc.). Since its beginning, we've had a wonderful camaraderie in the community. The neighborhood is like one large family. One of our group, Ron Giles, collects food and other needed items every Friday to be distributed through the Reach Program to neighbors in need.</p> <p>We'd like to use the Mt. View grant monies to help defray the cost of the main course (e.g. pizza, lasagna, etc.) at the potluck. We also are thinking of having an ice cream social in the park in the summer rather than a potluck for one of our gatherings.</p>

1. Hold coffee meetings to identify potential leaders. Provide training and support to help them to develop their skill.
2. Using a variety of outreach methods, such as flyers, social media, email lists, and community bulletin boards, to promote upcoming events and projects. It's also important to make events and projects accessible and inclusive to all members of the community, by holding them at convenient times and locations, providing translation services if needed, and ensuring that the events are welcoming to people of all ages and backgrounds.
3. This can involve identifying specific tasks or roles that residents can take on, such as helping with setup and cleanup, providing refreshments, or assisting with event logistics.

The hosts of the event coordinate the food and get volunteers to help with shopping and preparations. The magazine coordinator and flyer coordinator have volunteers who help distribute notices to the 144 homes in the park. The hosts organize a decorating committee, soliciting volunteers using flyers, signup sheets in the clubhouse and neighbor email lists. The committee then meets to delegate responsibilities and plans decorations to be completed prior. We have collected decorations over the years that get reused and supplemented as needed.</p> <p>The flyer, magazine, and event signup sheet along with emails to neighbor email lists help get the word out. <p>1) Project/ Event Name -Nombre del proyecto/evento-a) ??/?????</p>	<p>Annual Holiday Party</p>

1) Brief Project Description for event/name-Breve descripción del proyecto para el evento/proyecto-b) ??????????/?

Until 2022, the park owner has hosted a holiday party for the residents. In 2022, he was unable to do so due to additional costs and the homeowners association hosted the (51st annual) event at the last minute. While board members donated cookies and decorating supplies and encouraged a pot luck dessert swap for free, we did have to charge a nominal fee of \$9 for chicken and eggplant parmesan, pasta, salad, bread and butter, water, coffee, and apple pie. In the past the park owner had Hors D'oeuvres (2021) and in previous years had included prime rib, champagne, sparkling apple juice, etc. This was the premier social event of the year. In years past we had entertainment and this past year, the event decorations included Kwanzaa, and Hannakuh along with the traditional Christmas tree. In years past there was a local band with special guest being our 101 year old neighbor who sings! We are hoping that we as a home owners association can continue the event and offer it free to help encourage more to attend. In years past the residents of the 144 homes were able to bring a guest. This event had 45 in attendance in 2022, but in the past has had closer to 100. I believe the higher attendance was due to event being free. If awarded this grant we will be able to offer it free again :).

The cost of the food for 2022 was close to \$500 which did not include the purchase of reusable chaffing dishes and other food preparation products. Members of the volunteer board donated flatware and plates to help reduce our dependencies on disposable products in order to ensure funds raised go for food and programming and not other overhead.

2) Brief Project Description for event/name -Breve descripción del proyecto para el evento/proyecto- ??????????/?

This event, also hosted by the homeowners association board members, happens in late August. During this event we setup tables by the pool and provide refreshment. Last year we charged \$8 for lasagna, salad, cake and beverages. We had around 40 people attend, but like the holiday party, would like to lower the cost, make it free if possible, to encourage everyone to attend. Many of the residents in the 55+ park are on fixed incomes and have strict budgets. The event is primarily social in nature, a way to get neighbors to come together for food and conversation.

Here is the list of events for 2023. We have volunteer hosts for them and budgets are set by the hosts with the help of the treasurer using past event attendance when estimating the budget.

We set the events in November of each year. I included all of this years events so you can see how the homeowners association tries to have events regularly throughout the year. Any grant funds available can help reduce the cost of the event.

(Nextdoor Varsity Park reaches over 700 households and over 1000 people). To help grow a vibrant community, we invite all Varsity Park residents (including those in the adjacent smaller Springer Meadow NA) all of our events.</p> <p>See website http://vpna.varsity-park.org.</p> <p>We have a data base of ~130 people who have signed up as members of the NA at previous events and when volunteers canvass their parts of the neighborhood. Some 60 members offer to volunteer in some way, either at events or to help with outreach. Of these, 7 were elected as officers.</p> <p>We also have an active Varsity Park CERT. We coordinate with Varsity Park CERT which has a larger footprint and a good set of Block Volunteers who serve as an additional channel to connect with neighbors. At both NA and CERT events we distribute information, encourage new member signups and solicit donations. We bring a CERT to table to most NA events. VarsityParkCERT has a new trailer, and perhaps we can bring that too.</p>

We invite all residents within the boundaries of the neighborhood association to all activities, and we actively encourage participation, both as attendees and as volunteers to help out at events.

We have several channels for communicating with the neighborhood:

- We continue to build the number of email addresses that subscribe to the neighborhood association's Google Group by including a reminder to join the group on all material published by the association. We currently have over 200 email addresses. This is our most efficient method of communication. We send minutes after every meeting and also information of interest and importance to the neighborhood.
- We have a website for those members who are not part of the Google Group, but who like to have electronic communication.
- We place very large signs on A-frames at key locations in the neighborhood to remind people of events.
- We distribute flyers to all homes in the neighborhood, as well as post them on bulletin boards of complexes of apartments, condos or townhouses.
- We publicize WWNA events on the NextDoor website which many people consult for neighborhood and local news.
- We ask HOA presidents to forward our communications to all residents in their complexes via their internal email distribution lists.

The WWNA Annual General Meeting (AGM) is an important event for communicating to the neighborhood the activities of the WWNA. We hold our annual elections for officers of the WWNA at the AGM and everyone is encouraged to participate not only by voting but by running for office. The elected WWNA officers appoint three at-large board members after the AGM and new participants are consistently sought out and encouraged.

Anyone who lives in the neighborhood can benefit from the activities, either directly or indirectly.

Based upon our experience with pumpkin festivals and ice cream socials, the neighborhood is anxious to have social events that foster a greater sense of community. The events were very well attended as were the community breakfasts.
