For a non-agenda item:

Please consider improving the bicycle and pedestrian infrastructure on Rengstorff Avenue. For example, the addition of a paseo behind the old Chili's restaurant could improve the safety of student cyclists who currently must merge with car traffic on El Camino (no bike lane) or ride on the sidewalk (past a crowded bus stop) on their way to school.

The return journey on Rengstorff is just as harrowing.

Many thanks for your attention to this issue.
