Hello Mayor, Vice Mayor, and Council Members,

I am very happy to see the California St Complete Streets improvements pilot on the consent calendar of this week's City Council agenda. This is a critical corridor for anyone who wants to ride to downtown coming from the west, or to the San Antonio Shopping Center area from the east, which are two of Mountain View's most major destinations.

This project has been a long time in coming and has wide support from the community. It will make biking to the two major shopping districts above more enjoyable and low stress.

I encourage you to move forward with this project.

Thank you!
Cherie
