Following discussion, Mayor Matichak summarized Council direction on the parameters and permit process for a Safe Parking Ordinance to be brought back to Council in the fall: Question 1, permitting approach: tie it to the shelter crisis and take a look at whether it is possible to extend that action; permits would be by right for churches and private lots in non-residential areas; if in areas adjacent to or in a residential area, Option 1 provided on page 4 of the staff report; Question 2, funding: Council is willing to fund services with a desire to seek partners; Question 3, vehicle ownership: include rented vehicles as long they are habitable; for Question 4, preferences: students in the Mountain View Los Altos school districts, consider live/work preferences, seniors, and persons with disabilities, applicable on City sites and not necessarily on private sites.

City Manager Rich additionally summarized general Council consensus for expanding the zones to other parts of the City, agreement to pursue a State exemption but not necessarily as a high priority, and support for the concept of a task force but questions regarding the City's role.

MOTION - M/S - Clark/Hicks - To:

Adopt Resolution No. 18353 for City Safe Parking Program Operations for Shoreline Amphitheatre Lot B and the Pioneer/Evelyn Lot Once Permitted under a Lease Agreement with the Valley Transportation Authority, read in title only, further reading waived.
