TITLE: Receipt of 2024 SB 1205 Mandatory Fire Inspection Report

RECOMMENDATION

Adopt a Resolution of the City Council of the City of Mountain View Acknowledging Receipt of a Report Made by the Mountain View Fire Chief Regarding the Required Annual Inspection of Certain Occupancies Pursuant to Sections 13146.2 and 13146.3 of the California Health and Safety Code, to be read in title only, further reading waived (Attachment 1 to the Council report).

BACKGROUND

California Health and Safety Code Sections 13146.2 and 13146.3 require all city or county fire departments to conduct annual fire inspections in every building used as a public or private school, hotel, motel, lodging house, apartment house, and certain residential care facilities. Senate Bill (SB) 1205, approved in September 2018, added California Health and Safety Code Section 13146.4, requiring all city or county fire departments to report compliance with the mandated inspections to its administering authority. For the Mountain View Fire Department, the administering authority is the Mountain View City Council. The resolution presented with this item (Attachment 1) provides the required report to the Mountain View City Council summarizing the Mountain View Fire Department's compliance status with these mandated fire inspections.

ANALYSIS

The resolution formally reports that Mountain View Fire Department personnel completed 100% of the annual fire inspections at occupancies required to be inspected in California Health and Safety Code Sections 13146.2 and 13146.3. The inspections of these buildings and structures are summarized below by occupancy category. The occupancy categories are further defined in the attached resolution. The count of occupancies below refers to the number of buildings, not the number of units.

- **Educational Group E Occupancies:** Sixty-six (66) Group E occupancies exist in the City of Mountain View, and all Group E facilities were inspected in 2024.

- **Residential Group R Occupancies:** Nine hundred thirty-three (933) Group R occupancies exist in the City of Mountain View, including 23 R1 and 910 R2 facilities. All Group R facilities were inspected in 2024.
