

To Whom May Concern,

My name is Chihming Hsu. I want to appeal the denial of removing TREE #1.

The reasons for removing this tree:

- Unhealthy: I can see dry/yellowish on branches' tips and top.
- Too big and too close to the house: I can reach the branches when I open the second floor's window.
- Debris and tree gel makes the walkway and driveway messy.
- Willing to re-plant a smaller tree on the same spot.
