

**Movement Mountain View
630 San Antonio Road
Deliveries Plan**

1/23/25

Introduction. Movement's Deliveries Plan shall be instituted and communicated to Movement's vendors to minimize any disruptions between deliveries and normal business traffic for the gym and other businesses in the center. Movement's operations require no loading of goods or materials from its facility beyond a very limited amount of solid waste and recycling, all of which shall be removed from the premises via the trash enclosure area at the rear of the facility. All laundry operations are on-site requiring no loading or delivery of gym towels for cleaning.

Delivery Hours. Deliveries will be scheduled with vendors to occur on weekdays between 6 a.m. and 10 a.m. These are hours when gym traffic is typically light and parking lot areas are not heavily used. Deliveries shall be managed by Movement's purchasing manager to occur during these prescribed hours, and not to exceed a maximum of 2 deliveries each day and a total of 4 deliveries each week.

Delivery Access. Deliveries shall be limited to hand carried boxes or boxes stacked on a hand dolly and transported into the gym using the main entrance at front of the gym and brought to the reception desk. Vendors shall deliver products in small delivery vehicles (panel vans, etc.) which shall utilize available parking near the gym's main entrance.
