To the Zoning Administrator:

I am writing regarding a postcard notification we just received, about a proposed "dog daycare" business at 261 Moffett Boulevard.

This is a very poor idea, certain to create a noise nuisance for the Santa Rosa Ave. neighborhood.

The proposal includes an outdoor area in back of the building. This outdoor area faces onto Santa Rosa, directly across the street from residences. I think everyone knows that dogs will bark. Perhaps more so, when they are away from their owners. It's hard to understand why this proposal has gotten this far along. It surely should be denied.

I must point out also that since the proposal includes overnight boarding, the term "dog daycare" is not correct.

This location is not appropriate for this kind of business.

Thanks for your attention,

Peter Spitzer

I think the idea of a doggie day care at this facility is a great idea. The majority of that building has been empty for a long time. It would be something I would consider using myself since we live just a little behind that building.

Hello Mr. Brennan

I am contacting you to oppose the proposed project at 261 Moffett. The proposed project is for Sweet Doggie Daycare. I will not be able to attend this meeting but I want it noted that I strongly oppose this. This neighborhood has major issues with parking as is. In addition we are exposed to chemicals from the paint shop. Dog facilities use strong chemicals in their cleaning process. We also do not want to be subjected to the noise as well. The facility is directly across from established residential homes that object to this. This is the type of business that should not be so close to residential homes. Again I as well as many neighbors strongly oppose this. Please update me with current information after the scheduled meeting and when this is denied to Sweetie Doggies. Also how many people need to object for the city to deny this proposed project.

Thank you for your time

Janelle Romo

Santa Rosa Ave home owner and resident
