If the emergency location is not immediately apparent from the adjacent public right-of-way, the contractor's oversized commercial vehicle shall bear a clearly visible notice in the driver's side window which identifies the emergency location by address and unit number, if applicable, and includes contact information which would allow City safety or enforcement personnel to contact the vehicle operator immediately.

**G. NUISANCE DECLARED.** The City Council finds, determines and hereby declares that parking oversized vehicles in violation of this section constitutes an immediate threat to the public health, safety and general welfare, thereby creating a public nuisance. Unlike much of Southern California, which was developed following World War II, Santa Barbara's street grid was established in the 18th and 19th centuries, at a time before modern oversized vehicles could have been contemplated. Parked oversized vehicles interfere with and obstruct visual access to streets, traffic control signs and signals, other vehicles, pedestrians, bicycles and sidewalks, thereby substantially increasing the risk of collisions between vehicles, as well as collisions between vehicles, bicycles and pedestrians, at intersections, near driveways, and on all streets in the city, including curved roadway sections, narrow streets, busy streets, commercial districts, and neighborhood streets. Parked oversized vehicles create an immediate threat to the public health, safety and general welfare by obstructing visual access to scenic resources, including historic landmarks and natural resources, such as the coastal mountains, beaches, and Pacific Ocean. Parked or stopped oversized vehicles are frequently left with engines, refrigeration systems or generators running, thereby contributing to the deterioration of local air quality and quiet neighborhoods.

**H. INTEGRATION WITH OTHER PERMIT PARKING.** Oversized vehicles shall not be considered "eligible vehicles" under Section 10.46.060.A for parking permits issued pursuant to Chapter 10.46. Oversized vehicles with Chapter 10.46 permits that were issued before December 16, 2016 shall be valid until they expire and shall not be renewable thereafter.

I. **RULES AND REGULATIONS.** The Public Works Director is authorized to promulgate and publish rules and regulations to interpret and implement this section . (Ord. 5796, 2017; Ord. 5781, 2016)
