Subject: Questions for tonight's City Council Meeting, agenda item 3.4: school fences

CAUTION: EXTERNAL EMAIL - Ensure you trust this email before clicking on any links or attachments.

Question: What's the district's plan for adding bright lights and cameras, and will these lights shine into adjacent windows?

Question: Can we have the Monta Loma Neighborhood Association select representatives to the design review, and arrange for their input to count?

Thanks!

Jerry

Dear council member,

Concerning the development of Crestview Hotel for homeless or temporarily displaced people; this must not be undertaken the way so many of these failed ventures have (e.g., Santa Cruz) by not providing the proper supervision, support, medication, drug-abuse assessment, management, etc.

This is at a busy intersection on the very busiest street (el Camino) near an already dense housing area filled with families, the elderly, and children. Is this your only choice?

None of these approaches work without these considerations, proper screening of residents and long term support. Do you have the funds beyond the initial purchase?

As a taxpayer, what are the projected yearly costs to support the residents and facility, and the source of funding?

Please carefully consider these matters.

Thank you,
Inja Prest

Dear council members,

I am a property owner on Greenview Drive, 3 blocks from the Crestview Hotel.

I understand these are difficult times because of the Covid pandemic. Many are jobless and homeless.

My concern is that this property might be used for homeless people, who may have a history of drug abuse and mental illness.

What is going to be done to screen new residents of this hotel, to assure that it goes to those who are displaced through job loss?

Those who have chronic problems with the law, and mental health problems, should not be located there.

Sincerely,

Regina Masero
Greenview Drive, Unit #
Mountain View, Ca. 94040

As far as I am concerned, a new use for the Crestview Hotel would be fine.
But there needs to be good control over the situation.
The Current management has often not had very good control over their guests.
A check with the M.V. Police Dept. would show you this.
Why are the current managers / owners leaving ??

Hopefully this change of use would come with some controls over the homeless vans all over the area.

Yours,
Dave Pfefer.

It is amazing how apathetic this town is.
At least some people are watching.

I have not sent any Homing Pigeons to this committee.
