Hon. Council,
Please continue to support the MV Solidarity Fund. Continued financial help is still needed within our Latino and working class community.

I can attest to the smart and diligent work of Paula, Azucena and Marilu having personally worked with them in our MVWSD schools and in general within the community.

Your support of granting the over \$1 million in funds would truly benefit those in need. We are a community that takes action when those around us need help. Let's keep it going.

Best,
Jose

Jose Gutierrez, Jr.

Dear Mayor Ramirez and Mountain View City Councilmembers:

I'm writing to you today to encourage your continued support for the MV Solidarity Fund item 7.1). Thank you for your past support.

I hope you will consider, not only allocating the \$500,000 recommendation by city staff, but also \$800,000 to support the needs in the community that staff has already identified.

I can personally vouch for three of the leaders of MV Solidarity Fund (Olga Melo, Paula Perez, and Marilu Cuesta) and believe the other leaders are likewise admirable.

I'm proud that we are a city that does what it can to help all of its residents, not just those with traditional power.

Thank you for being leaders in this effort.

Sincerely, Ellen Wheeler
Mountain View resident
