Re: Life Moves housing at 2566 Lehigh Street
Mountain View, Ca 94043

For those of you that has heard of
Ok given a chance to visit the Lehigh street
campass are under the impressoon this is
a safe and helpful place for help with
the homeless problem.

This is supposed to be a clean and sober, smoke
free place to live. Since I have been here
~~since~~ February 9th, 2022, there have been a
few people here that have broken this rule
and instead of being asked to leave we were
told that everyone needed to help them. I did
not know this was mainly a rehab. The
majority of the people have no income and
rely on this place for a few things they promise.
They are supposed to get 3 meals a day
and yet they often run out of food but the
staff makes sure they are served first.
This is supposed to be a 90 day

stay with the option to appeal for another 30 days at a time. Just of the ladies that live on my isle have been here for almost a year.

A lot are denied the extension and are tossed out like trash. They have no car to sleep in, no place to pitch a tent, no help with another shelter, no food, water, NOTHING. You are at their mercy and there is no way to enforce your just amendment rights, then not worry you won't get evicted.

For some people it is a roof over your head while you find permanent housing, get on more waiting list or apply with other agencies for help.

On my case I am a 61 year old, disabled physically, multi-racial female. I became homeless on August 31st, 2021. My landlord had to sell because the space rent had doubled. I came from a three bedroom and now I have three storages that I pay for monthly. I was told by the housing specialist here that I need to start selling my things because with two licensed service dogs I will be lucky

to get a studio or rent a room. I have years of items in my storage. Things that my mum had been keeping for me, for instance my sons pre school art, report card, etc. Also, furnishing for a 2 or 3 bedroom.

My son is my in home care giver when I get a home for him to do his job. I am a person that pays bills, a lot of them and once I find a place the \$300 a month storage of course would help in rent, my son would get paid as my ~~care~~ carer. He has a job and online school for which I get financial help from. I myself get SSDI, financial aid for classes and as long as it's a law class I get an allowance from my parents.

I'm not looking for a hand out, I'm looking for help find a permanent place.

The politicians, the donors and the news all think their donations, the news coverages and the help are used for the homeless. It's Not!
Please investigate for yourself.

CAUTION: EXTERNAL EMAIL - Ensure you trust this email before clicking on any links or attachments.

To city council of Mt.view,

I am sending this email since the timing on the zoom would not allow me to speak in details.

I lived in Life Moves in Mt.view for few months.
During this time I have never been rude or disrespectful to any of those clients.

I am highlighting my complain against life moves very briefly.

1- Mr Chris peters assistant program manager who made a false accusation against me and called me Racist.

This accusation has been without any facts or evidence and not even my witness.
He did not give me a chance to explain and bring my witness forward. In fact, the guy who threaten everyone had to be terminated not ME. him with prison backgrounds who threaten everyone.As a result I was terminated instead of HIM !!

Mr. peters behavior was unprofessional and unethical and rather RUDE !!
Once I mentioned the woman who because of her I got into this and ask him to bring my witness, he pointed his finger on me and said
“No u are the one I want to talk. You have been racist and several people witnessed “
Then he walked away.

I was stoned with a shock that he never gave me a chance to talk.
Perhaps in US the word Racist is very common but not in my upbringing and family education.

No 2
Poor management and staff that they have no clue whatsoever how to interact with clients.

No.3 pro and prison backgrounds of people who live in the site and threaten others.

No. 4
Santa Clara county believes “life moves empower valuable skills towards self-sufficient”

On the contrary the valuable skills are to be kicked out with no reason !!
And I believe this is statement is ABSURD!!

Finally. I live in a van. I am 71 years old with medical problems who for the first time in my life I became homeless and I had to live among people that they make trouble and labeled me for nothing. I try to see the reality of this organization. I came to realize that it’s all about money not the HOMELESSNESS!

I realize that they hire bunch of inexperienced
Case manger who doesn't do anything. And yet they get paid.

The point I am trying to make is,
This is city of Mt.Views responsibility to make housing for homeless people.
The landlords that socks your blood with the high RENTS !
And yet, we see everyday there are constructions buildings over and over again.

So, I am wondering what is your
Responsibilities?
What have u done for homeless people?

Or is it all about money?
That the city of MT.View allowing those contractors and rich owners build over and over
again and rent them anyway they want !

So, is this the duties of the city of Mt.View?
No control over rents and with those IT companies that the rents go higher and higher with no
control?
And people with low income have to suffer and struggle to survive .
I believe the best thing mt. View did is to let life moves build the site and yet they have no
idea what is going on behind the close door !!

Filthy environment and garbage food they provide that hardly any dog would eat.

So, city of consul of Mt.View is better to look at the reality and ask yourself what do u do for
homeless people?
Are u planning to build more and more shelters like life moves that have no decency to human
being. No !
They must focus on donations and bring more and more people to visit their site to attract
them in phony ways for donations !
They can fool everyone. Even the governor of California who cheered them and unfortunately
Everyone sees the Surface Of the Water !!

Sadly enough I believe the action of Life Moves
Is only A BIG SHOW in order to attract more and more donations.

Where and how the money has been spending,

Definitely raise a BIG QUESTION!!

Despite of the fact that I live in van and fell on my face, I would never ever go to any shelter
and I demand a city to find me a decent place to live since I cannot continue living in the van
Due to me medical condition.

Regards,
Shala khaghani
