Dear Mayor Ramirez and Members of the City Council,

I am a resident of Mountain View with children attending schools in our city. In addition I am a volunteer with Moms Demand Action for Gun Sense in America. I want to thank the City Council for considering the issue of gun safety. Gun violence prevention is a very important issue for me. Thank you for considering this important issue and I encourage the City Council to study and implement local measures to improve safety and reduce gun violence.

Sincerely,  
Lesley Ruzon

Dear Mayor Ramirez and Members of the City Council,  
I am a long-term resident of Mountain View, a mom of 2 kids in MVWSD, and a volunteer with Moms Demand Action for Gun Senses in America.

Mountain View has always been a leader in many laws for developing an even better/safer/diversified community. Gun safety is extremely important in our nations and I believe our community can continue to be a leader in providing gun-sense laws. I truly appreciate the safe gun storage measures promoted in Mountain View!

I would like the City Council to study and implement local measures to FURTHER improve safety and reduce gun violence. For example-- (1) place additional restrictions on where firearms can be carried in the city, in other words, restrictions on owners; or (2) place additional restrictions on firearm dealers in the city, such as requiring local licensing and liability insurance, prohibiting home businesses, or placing other location restrictions. For a "bad" example--- the gun store on ECR is extremely close to Graham Middle School and many elementary schools (Bubb, Huff, Landels...) I am sure the wise Mountain View council and city staff will help continue to develop better laws/rules for Mountain View.

Thank you so much again for your hard work! We truly appreciate it!

Best regards,  
Jessica Yeh
