

Forum Topics for the Future of Community Policing

PSAB ad-hoc Committee

Homelessness and Vulnerable Population Response Strategies:

- PD's historical approach and lessons learned
- Existing partnerships with the community and police
- What is the current role of the police department with vulnerable populations? How can the community help? What is the community role?
- Describe a vision of future partnerships to address homeless and vulnerable population response. Does this need to include a police component? What would that look like?

Community Safety, Crime Prevention, and Accountability

- Technology
 - What types of new technology is MVPD currently using? Any concerns? Thoughts about AI?
 - How does MVPD evaluate the use of technology for crime fighting to ensure privacy, transparency, and accountability?
- Crime – Current issues, what's on the horizon
 - Property Crime – Mail/package theft, burglary (auto/home), scams, technology, AI, etc.
 - Person Crimes – violence, Elder abuse,
 - Futures - What kind of crime is coming?

Opportunities for Partnerships

- What does the future of community and police partnerships look like?
- What are the opportunities for this? Community interactions and partnering.
- Are there any other opportunities to remove police response?
- What does the future look like with police response removed (Mental Health, traffic enforcement, etc.)?

Youth Engagement

- What does the future of police and youth engagement look like?
- What does SRO programming now? What is on the horizon?
- Are there any other opportunities for police to engage with youth?
