Current Fiscal Year Petition Status

Mediations and Conciliations**

The Mountain View Mediation Program assists the Rent Stabilization Program by providing free mediation and conciliation services to landlords and tenants in Mountain View. These services help people come together to talk about and potentially solve their disputes in a controlled environment with the help of trained volunteer mediators. They help to resolve issues for rental properties in Mountain View, reducing the number of petitions filed with the City.

*Project Sentinel and City of Mountain View Rent Stabilization Division, September 2023; **Mountain View Mediation Program, September 2023; ***Community Services Agency and Community Legal Services in East Palo Alto, September 2023; **** CoStar, September 2023; Disclaimer: Vacancy Rate data is for informational purposes only and not intended to be used as a benchmark for suspension of the CSFRA. See Section 1718 of the CSFRA for details; ***** CoStar, September 2023 Average Asking Rent (market rent rate).

METHODOLOGY

The Quarterly Status Report compiles data from a variety of sources. Data unrelated to the CoStar databases was obtained by staff through use of internal record keeping and databases, and in partnership with external consultants and vendors, including Associated Right of Way Services (ARWS), Project Sentinel, the Community Services Agency of Mountain View and Los Altos, and Community Legal Services of East Palo Alto (CLSEPA). Data gathered from CoStar utilizes as regimented and consistent search terms within the database as possible in an effort to adhere to the specifics of the CSFRA.

Please note, CoStar does not gather data for Mobile Home Parks. Future data specific to Mobile Home Parks will be available through the Rent Stabilization Division's registration database. Furthermore, as more properties register with the Division, staff anticipates being able to pull detailed data from the system for both Community Stabilization and Fair Rent Act (CSFRA) and Mobile Home Rent Stabilization Ordinance (MHRSO) covered units.

The data provided by CoStar and used in the Rent Stabilization Program Quarterly Report was obtained as follows:

- **Vacancy Rate Data and Average Asking Rent Data (Average Market Rent):** The search criteria included multi-family properties with three or more units built before 1995; multi-family properties with three or more units built from 1995 through 2016; multi-family properties with three or more units built after 2016; and all multi-family properties with three or more units using the *Properties* database. These four data points illustrate the average vacancy rate and average asking rent trends of vacant units for the total market, including units fully covered by the CSFRA (first occupancy before 1995), units partially covered by the CSFRA (first occupancy from 1995 through 2015), newly built units not covered by the CSFRA (first occupancy after December 23, 2016) and all units within Mountain View.
- **Multi-Family Property Sales for Units Built Before 1995:** The search criteria for Multi-Family Property Sales for Units Built Before 1995 included multi-family apartment properties with three or more units that sold from 2013 through 2023 within Mountain View using the *Sales Comp* database. Non-Arm's Length Sales, in which there is a relationship between the buyer and the seller of the property, were excluded.
- **Properties Currently for Sale:** The search criteria for Properties Currently for Sale included multi-family apartment properties built before 1995 with three or more units currently for sale within Mountain View using the For Sale database.
