DBA The Exercise Coach- Mountain View

Business Address: 1762 Miramonte Ave,

Mountain View, CA 94040

Mailing Address: 537 Tirol Ct,

Milpitas, CA 95035

The Exercise Coach® is a fitness training franchise with decades of successful operations. We operate fitness studios in the U.S. and have a robust international franchise development in Japan. Over the years our vision has become clear, and we are dedicated to transform the way we resist and reverse the usual ageing process in the 21ST century.

We operate small-footprint, personal training fitness businesses which have a minimal impact on the center and co-tenants. There are no large group classes, no noise or vibrations outside the studio itself, no showers or special plumbing or electrical needs, and a maximum occupancy of 10 people, including clients and staff, at any given time. All exercise programming is accomplished on quiet, controlled machines with no free weight or impact on the walls or floors of the studio. In this regard, both our usage and our parking needs are more similar to an office or medical use than a traditional gym or fitness business.

Additionally, each studio is designed to a comfortable, clean, and semi-private environment. All our clients are made by appointment through our online platform. We will only take walk-ins for consultation purposes. We will have a total of 4 employees, each employee is well trained, knowledgeable, and responsible for assisting our clients to achieve their goals by utilizing AI technology equipment, coaching, and providing professional nutrition advice. Moreover, we will be open 6 days a week. (Monday-Friday 7:00am-7:00pm, Saturday 7:00am-1:00pm, Sunday- Closed) to launch first. Business hours may be slightly changed depending on the business needs.
