**Subject:** Objection to Development plan with APN: 150-02-023 & -024

Hi Dear Mountain View Community Department,

My name is Tingzhen Ming and I'm a resident of [REDACTED] located at [REDACTED] Mountain View, CA 94043. I have received mail from your department regarding a public hearing notice for a development project named as following:

1998 - 2024 Montecito Avenue, Stuart Welte; 507-13-PUD & 426-14-TM; APN: 150-02-023 & -024

I'm writing in to voice out my **strong objection** to this development plan. As it describes in the notice, the planned 17-unit multifamily building will not only increase the population density in the area, but also decrease the quality of community life in the neighborhood. Furthermore, I'm very concerned about the removal of 12 heritage trees. We have to preserve the environment and also our heritage in Mountain View. There has been too many development projects in the area, and we have to think long term.

Thanks and do take my opinion into consideration, as I'm sure many other residents are feeling the same way. And please let me know if any question.

Tingzhen Ming
