Subject: Historic Buildings At Risk

I would like to see the buildings currently housing Chez TJs and the Tied House remains as they are rather than being razed for yet another office building.

Thank you for your attention to this matter.

Subject: Wish to keep the building Tide house and Chez TJ are in

Hi dear city council,

I am a Mt. View resident on Boranda Ave.

I read that a developer has proposed to replace the two buildings Tide house and Chez TJ are in with modern office buildings.

Wish to voice my opinion that while modern office buildings are wonderful, its also important to keep the nice historical buildings so we do not lose the city's "identity". Pls. consider keeping these two buildings and many other historical buildings.

There are space in other parts of Mt. View the developers can put in modern office buildings...

Sincerely,
Tootoo Thomson

Subject: Please Keep MV Charming

Dear Council Members,

I am writing to request that you vote against the proposal to raze the historic buildings in downtown Mountain View, including Chez TJ and the Tied House. I grew up, went to school, and now am raising my family in Mountain View and would be heartbroken to see us sell our history and our sense of identity and charm to the highest bidder for the tallest high-rise. Though I can imagine the allure of revenue from high-tech investors and developers, I worry that our city has already made a number of sacrifices to accommodate for the growing tech industry, and should we continue to make such accommodations, we would render our town unrecognizable from the next strip mall or planned development. I don't want to live on Santana Row. Please keep Mountain View charming by voting NO.

Respectfully,

Diana Neebe
