7.1 Library Director's Report:

For the City's **Arbor Day Celebration** on Saturday, March 9, we presented a tree-themed storytime. We had 235 in attendance and shared books, rhymes, and facts about trees. We even sang the traditional Arbor Day song "Trees for America" and it sounded beautiful!

Trees for America
Words & Music by
John Denver, Timmy Tappan, & Craig Deitschmann

Plant a tree
For your tomorrow
It's your tree
That clears the air.
Plant a tree,
Trees for America
Plant a tree today
For all the world to share!

At the **Los Altos High School Latino Student/Parent Summit** on March 9, Library Assistant Daniela Rodriguez and Teen Librarian Marie Richardson (L to R) shared information about library services.

**Native Plants
Pollinator Gardens**

A talk by
Juanita Salisbury, CNPS

**Thursday, March 21, 2019
7:00 PM – 8:30 PM
1st Floor Program Room**

Native plants are integral to an effective pollinator garden design. Explore the interrelationships between plants, pollinators, other insects, and animals in this free workshop by the California Native Plant Society. California's wealth of bio-diversity helps you design a more resilient and beautiful landscape.
No RSVP; walk-ins welcome.

Juanita Salisbury has a Ph.D. in Biopsychology from the University of Florida, as well as a BS in Landscape Architecture from West Virginia University. In 2009, she established Juanita Salisbury Landscape Architecture after working for commercial and residential design firms. She has recently turned her focus to California native plant pollinator habitats, and in 2010 established the Primrose Way Pollinator Garden, the first of four pollinator habitat gardens in Palo Alto. Her focus is to research and relay information on these habitats, as well as to explore opportunities to install more of them.

In Conversation with Jose Antonio Vargas

Monday, May 13 2019 at 6:30 pm at the Center for Performing Arts Main Stage

Join us for a conversation with Jose Antonio Vargas, Pulitzer Prize-winning journalist, a prominent voice for immigrants' rights through his no-profit organization, Define American, and graduate of Mountain View High School. Jose will speak with Dr. Michael Jones, Principal of Jose Antonio Vargas Elementary School, due to open in Mountain View in August 2019. An audience Q & A will follow. The Young Readers' Edition of his best-selling memoir *Dear America: Notes of an Undocumented Citizen* was recently released and will be available for sale and signing, as will the original edition. This event is free and all ages are welcome.

Youth Services Librarian Alex Pantazes presents **Preschool Storytime** on Fridays. Last week 60 children and their families attended her Sea Creatures themed storytime. She not only offered stories and songs about aquatic animals, she also shared fascinating facts. Here is Alex reading the book *Clark the Shark Dares to Share* by Bruce Hale.

Teen Librarian Patricia Zeider attended Crittenden Middle School's Panther Prowl on Friday, March 22 to talk with students and help them make cool buttons. In fact, she helped make 330 buttons at the walk-a-thon event. In the photo here she shows off one she made herself with the Panther Prowl logo.

Find Blu-ray feature films faster than ever!

Customers asked and we delivered. We are shelving our growing collection of feature films on Blu-ray separate from DVDs so they are easier to browse and find everyone's favorite movies. Look for Blu-rays at the start of the DVD section on the 2nd floor of the Library.

Please note that TV series, non-fiction, and foreign Blu-rays are still interfiled with DVDs. Feel free to ask our helpful librarians at the reference desk for assistance in locating a title or for suggestions.

Financial Wellness Series Starts on April 2nd with a talk on Cashflow and Debt Management

6:30pm - 8:00pm, Tuesday, April 2, 2019

The Library is hosting four financial wellness presentations throughout the month of April. The first talk will focus on cashflow and debt management.

Cashflow: Ever wonder where you can find extra money to fuel your retirement? Many times it is sitting right under our nose, and in this enjoyable session, we will help you to find money you have that you may not even know you had!

Debt Management: Debt is one of those annoying things that many people liken to a leaky faucet that just won't stop running! Over time, the leak can increase and cause major problems. How can we stop this proverbial leak? We will discuss some simple, yet very powerful strategies that you can use to eliminate debt faster without affecting credit scores or damaging your financial standing.

The Library was at the Multicultural Festival

Mountain View's *Multicultural Festival* last Saturday was a big hit! Librarians Pam Schwartz, Court Fields, Kyle Hval, and Justin Pham were at the event and interacted with 393 festival goers. People were excited to learn about the Library's programs and services like *ESL/Language Swap* programs, Mandarin Story-times, the *Plant Exchange* happening on April 20th, and the new travel collection on the second floor of the Library. We all know that Mountain View has a vibrant, multicultural community, but it was on full display at this wonderful event put on by the Community Services Department.

Language Swap moved to Tuesday nights at the Library!

The weekly Language Swap is now on Tuesday nights from 7:00pm - 8:30pm.

Are you an English speaker trying to learn another language? Do you speak another language that someone might want to learn? Come swap language lessons in the library! Be prepared to spend some time helping someone speak your native language, and some time practicing a new language yourself.

Financial Wellness: Strong Financial Foundation and Proper Protection

6:30pm – 8:00 pm, Tuesday, April 9, 2019

This is second in the series of financial wellness presentations at the Library.

Financial Foundation: Learn about the most effective and efficient way to build a strong financial future using a few very simple rules of thumb and a little bit of common sense.

Proper Protection: What is the best way to protect your assets, your hard earned possessions, and most importantly, your family's financial future? Understand how insurance works, what you may need to be concerned with in your financial life, and what is the most suitable program for your situation.

BAWSCA Landscape Class: Designing Native Rain Gardens

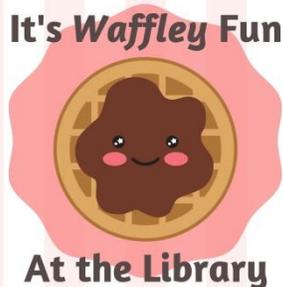

6:00pm - 8:30pm, Thursday, April 11, 2019

Discover how to transform your yard into a beautiful and functional rain garden. Learn about the benefits of rain gardens, including flood protection and wildlife habitat, and create a design of your own.

BAWSCA workshops are free of charge; no registration required. Bring photos of your yard, ask an expert for help, and re-design your landscape.

The Great Library Brunch Hunt

Library staff had a great time hosting our colleagues from different departments of the City during *National Library Worker's Day*, last Tuesday, April 9th. Over 60 City employees got to learn about the services and programs of the Library in a fun way via a scavenger hunt and enjoy a hearty breakfast from a wide selection of savory, sweet, and healthy offerings from our Waffle Bar. The Great Library Brunch Hunt was made possible through the City's Fun Grant. Many thanks to all who participated and made this event a big success!

Medicare Information Session

10:30am - 12:30pm, Friday, April 19, 2019

Do you need help walking through the complex Medicare programs to find which one is most suitable for you? Would you benefit from a review of different eligibility periods? Are you eligible for extra help with the costs of your prescription drugs? If the answer to any of these questions is yes, then this seminar is for you.

Financial Wellness: Building Wealth, Asset Accumulation, and College Planning

6:30pm – 8:00 pm, Tuesday, April 16, 2019

This is third in the series of financial wellness presentations at the Library.

Building Wealth: As confusing as the financial landscape may seem, there is a formula to wealth. Master this formula and you can be supremely confident in your ability to make good financial decisions to build wealth effectively for your family.

Asset Accumulation: As wealth becomes an asset, what is the best way to manage your asset for long term growth? Simple strategies can help you systematically build long term wealth to further secure your retirement

College Planning: One aspect of planning many people don't initially account for is their children's educational costs. By better understanding the college planning process, a family can be significantly more prepared to handle this potentially large hurdle in our and our children's lives.

Lego Time, April 18, 1:00 – 2:00pm – It's a Lego free for all! Everyone is welcome to join the building creativity. We have Duplos for toddlers, too.

Western Ballet's Cinderella, Saturday, April 20, 10:15-10:45am – Young dancers from Western Ballet will tell the classic story of magic and love through dance and narration. This introduction to the ballet is excellent preparation for the full production. For children ages 2 and up.

Children's Librarian **Sharon McClintock** will become the Acting Library Services Manager, Youth & Outreach Services Division beginning Monday, April 22nd!
