**PSAB Subcommittee on RIPA Data Recommendations**

The subcommittee recommends that:

- MVPD conduct annual RIPA compliance reviews of each officer to ensure accuracy and adherence to policy, and that the MVPD implement a system to conduct additional random RIPA compliance reviews.
- The following steps be taken to increase public access and further transparency of the MVPD’s RIPA data:
  - Creation of an interactive dashboard displaying RIPA data in a format that is easily viewed on mobile devices;
  - Quarterly publication of RIPA data in CSV format, allowing for the public to review and examine the data;
  - Quarterly publication of the RIPA data in English, Spanish, Russian, and Mandarin for posting on the City’s webpage and distribution to community groups and stakeholders in both an electronic and hard copy format;
  - Availability of RIPA data upon request at the police station; and
  - Continued opportunities for the MVPD to listen to community voices and look for new and more effective means to make its RIPA data transparent and accessible to the entire community.
