City Park and Los Altos School District Community School Sites-Master Planning Update

The purpose of this Study Session is to provide Council with an update on the current status and next steps for the future Los Altos School District (LASD) school and City Park site master planning, including staff's preliminary recommendation for the City Park location based on collaborative master plan work to date. The Study Session will also provide background on prior Council actions and agreements connected to the master planning and allow Council to evaluate design considerations guiding current City Park site master planning recommendations and upcoming master planning of the joint-use open space on the future LASD school site.
