Population Growth and Public Service Levels

The purpose of this Study Session is to: (1) provide information on the planning processes and documents that define community needs and values and identify resources and track progress toward meeting them; (2) review potential development and population projections for the planning horizon; (3) provide preliminary, top-level analysis of the potential resource needs that may be required to serve a growing population while maintaining Mountain View’s high quality of life; and (4) suggest next steps and seek Council input.
