### Procurement Options for New Solid Waste Agreements

Authorize staff to begin negotiations with the current service providers for solid waste collection and processing services and report back on the status of the negotiations in June 2020 to determine if negotiations should continue:

- Recology for collection and organics composting services;
- City of Sunnyvale for processing, transfer, and related services at the SMaRT® Station, conditioned upon agreement by Sunnyvale for a short-term extension of the current MOU if needed; and
- Waste Management for disposal services at Kirby Canyon Landfill.
