# CSFRA Properties

Fully Covered Properties

**678** Properties      **12,750** Units

Partially Covered Properties

**12** Properties      **1,686** Units

Fully covered properties have rent increase restrictions and eviction protections. Partially covered properties only have eviction protections.

Properties Registered

Rental Housing Fees Paid

# Rent Adjustment Petitions

## Petitions Received by the Division (CSFRA)

Petitions Received Over Time

## One-Time Petitions

**2**  
One-Time Utility Adjustment Petitions Submitted by Landlords

## Current Fiscal Year Petitions by Type

Tenant: 17      Landlord: 0      Other: 1

## Current Fiscal Year Petition Status

## Education, Mediation and Conciliation\*\*\*

The Mountain View Mediation Program assists the Rent Stabilization Division by providing free education, mediation and conciliation services to landlords and tenants in Mountain View. These services help people come together to talk about and potentially solve their disputes in a controlled environment with the help of trained volunteer mediators. They help to resolve issues for rental properties in Mountain View, reducing the number of petitions filed with the City.

**18**  
Cases of Clients Educated, Mediated and/or Conciliated

**10 of 18**  
Cases Resolved  
(8 Pending)

## Housing Help Center (HHC)

### Housing Help Center for Landlords

7

Clinics held

8

Landlords Helped

Top 3 reasons for attending the HHC

See Section 1718 of the CSFRA for details.

## METHODOLOGY

The Rent Stabilization Division Activity Report compiles data from a variety of sources including CoStar, a rental market database. Data unrelated to the CoStar database was obtained by staff through use of internal record keeping and databases including the Rent Stabilization Portal, and in partnership with external consultants and vendors, including Associated Right of Way Services (ARWS), Project Sentinel, the Community Services Agency of Mountain View and Los Altos (CSA), and Community Legal Services of East Palo Alto (CLSEPA). Cases reported by CLSEPA are counted when the case is closed.

The Rent Stabilization Portal is used for data related to property information, CSFRA and MHRSO coverage, compliance with registration and Rental Housing Fee/Space Rental Fee payments, and submitted notices. Although Rental Housing Fees and Space Rental Fees are charged to fund the fiscal year budget (which runs from July through June of each year), the fees are billed in January, six months into the fiscal year. For this reason, data showing the compliance rates of registration and Rental Housing Fee/Space Rental Fee payments are shown on the calendar year. A new registration and fee payment reporting cycle began at the start of the third quarter of the Fiscal Year (January 2024).

Email subscribers reported are unique users across multiple rent stabilization email lists managed through the City's webpage. Emails from landlords and managers that registered through the Rent Stabilization Portal are also included in the subscriber count. The Community Outreach data includes events and participants from the Housing Help Centers.

Data gathered from CoStar utilizes as regimented and consistent search terms within the database as possible in an effort to adhere to the specifics of the CSFRA. The data provided by CoStar and used in the Rent Stabilization Division Activity Report was obtained as follows:

- **Vacancy Rate Data and Average Asking Rent Data (Average Market Rent):** The search criteria included multi-family properties with three or more units built before 1995; multi-family properties with three or more units built from 1995 through 2016; multi-family properties with three or more units built after 2016; and all multi-family properties with three or more units using the *Properties* database. These four data points illustrate the average vacancy rate and average asking rent trends of vacant units for the total market, including units fully covered by the CSFRA (first occupancy before 1995), units partially covered by the CSFRA (first occupancy from 1995 through 2015), newly built units not covered by the CSFRA (first occupancy after December 23, 2016) and all units within Mountain View.
- **Multi-Family Property Sales for Units Built Before 1995:** The search criteria for Multi-Family Property Sales for Units Built Before 1995 included multi-family apartment properties with three or more units that sold from 2013 through 2023 within Mountain View using the *Sales Comp* database. Non-Arm's Length Sales, in which there is a relationship between the buyer and the seller of the property, were excluded.
- **Properties Currently for Sale:** The search criteria for Properties Currently for Sale included multi-family apartment properties built before 1995 with three or more units currently for sale within Mountain View using the For Sale database.

Please note, CoStar does not gather data for Mobile Home Parks. Future data specific to Mobile Home Parks will be available through the Rent Stabilization Division's registration database. Furthermore, as more properties register with the Division, staff anticipates being able to pull detailed data from the system for both Community Stabilization and Fair Rent Act (CSFRA) and Mobile Home Rent Stabilization Ordinance (MHRSO) covered units.
