Re: PL-2020-056, 590 Castro St. Mountain View

Dear Ms. Pancholi,

Please accept the attached application to extend the entitlements for the mixed-use development at 590 Castro St, in Mountain View, California. Our organization is still processing building permits with the City and would like to request a 24-month extension to allow for more time for processing as well as continue to pursue pre-leases for commercial office and retail tenants.

Over the last two years, we have undergone two building permit design submittals with the City, submit multiple applications and continue to coordinate with PG&E for rule 20 and underground utility work, developed and have been coordinating a master sign plan with planning, and continued coordination with Public Works. There are no significant changes to the entitled project (PL-2020-056) under this extension request.

If you have any questions, please feel free to contact me by email at jeff@sobrato.com or by phone at (408) 691-1125.

Sincerely,

Jeffrey Sobrato
Development Manager
The Sobrato Organization
