ORDINANCE NO.

AN ORDINANCE OF CITY OF MOUNTAIN VIEW

AMENDING CHAPTER 36 (ZONING) OF THE CITY CODE TO IMPLEMENT
SUBTASK (G) OF HOUSING ELEMENT PROGRAM 1.1, INCLUDING UPDATES TO
ARTICLE V (COMMERCIAL ZONES) TO ALLOW GENERAL PLAN MIXED-USE VILLAGE CENTER
LAND USES IN THE CO (COMMERCIAL-OFFICE) ZONING DISTRICT, AND TO MAKE
OTHER CLARIFYING AND CONFORMING CHANGES, SUCH AS MODIFYING AND REORGANIZING
STANDARDS IN DIVISION 23 (GENERAL PLAN MIXED-USE VILLAGE CENTER DEVELOPMENTS) OF
ARTICLE IX (STANDARDS FOR SPECIFIC LAND USES) TO BE CONSISTENT WITH THE
CO ZONING DISTRICT AND THE EVANDALE PRECISE PLAN, AND REQUIRING
AVIGATION EASEMENTS PURSUANT TO THE MOFFETT FEDERAL AIRFIELD COMPREHENSIVE
LAND USE PLAN, AS RECOMMENDED BY THE ENVIRONMENTAL PLANNING COMMISSION

WHEREAS, on April 11, 2023, the City Council adopted the City of Mountain View's Sixth Cycle Housing Element, which provides a policy framework and implementation plan for addressing housing needs in Mountain View over the 2023 to 2031 Housing Element planning period; and

WHEREAS, the 2023-2031 Housing Element includes Program 1.1, Subtask (g), to ensure Chapter 36 (Zoning) of the City Code and the General Plan for all sites are consistent with the Housing Element site inventory and pipeline projects. Specifically, Program 1.1(g) of the Housing Element identifies various properties to be rezoned to increase maximum allowed residential densities to support additional housing opportunities, especially in high-opportunity areas, by December 31, 2025; and

WHEREAS, the City seeks to update Chapter 36 (Zoning) of the City Code to implement Housing Element Program 1.1(g) and to make other clarifying changes; and

WHEREAS, the City has complied with the procedures and requirements set forth in Government Code Section 65853, et seq., and Section 36.52.40, et seq. (Zoning amendments), of the City Code; and

WHEREAS, the Environmental Planning Commission held a duly noticed public hearing on November 5, 2025 and recommended that the City Council adopt the text amendments to Chapter 36 (Zoning) of the City Code to implement Subtask (g) of Housing Element Program 1.1, including updates to Article V (Commercial Zones) to allow General Plan Mixed-Use Village Center land uses in the CO (Commercial-Office) Zoning District and modifying and reorganizing standards in Division 23 (General Plan Mixed-Use Village Center Developments) of Article IX (Standards for Specific Land Uses) to be consistent with the CO (Commercial-Office) Zoning District and the Evandale Precise Plan, and to require avigation easements pursuant to the Moffett Federal Airfield Comprehensive Land Use Plan; and

WHEREAS, the City Council held a duly noticed public hearing on December 16, 2025 on this Ordinance and received and considered all information, documents, and comments presented at said hearing regarding amendment(s) to Chapter 36, including the recommendation from the Environmental Planning Commission, the City Council report, and project materials; now, therefore

THE CITY COUNCIL OF THE CITY OF MOUNTAIN VIEW DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. Findings. The City Council hereby makes the findings for text amendments to Chapter 36 (Zoning) pursuant to Section 36.52.70 (Findings) of the City Code:

- a. The proposed amendment(s) is consistent with the General Plan. The proposed amendments are consistent with the General Plan because the project implements Subtask (g) of Program 1.1 in the Sixth Cycle 2023-2031 Housing Element. The amendments are also consistent with the General Plan map amendments, creating additional mixed-use village center opportunities that are approved concurrently with this action, because the amendments make mixed-use projects possible at 777 Cuesta Drive, 1702-1704 Miramonte Avenue, 677-699 Calderon Avenue, and the Leong Drive/Evandale Avenue area;
- b. The proposed amendment(s) would not be detrimental to the public interest, health, safety, convenience, or welfare of the City. The proposed amendments would not be detrimental to the public interest, health, safety, convenience, or welfare of the community because these amendments implement Subtask (g) of Program 1.1 identified in the Sixth Cycle Housing Element, which furthers the City's housing goals by creating more opportunity for residential development in areas that are near services and goods;
- c. The proposed amendment(s) is internally consistent with Chapter 36 of the Mountain View City Code. The proposed amendments and reorganization are intended to create internal consistency within Chapter 36 (Zoning) of the Mountain View City Code as they modify the purpose of commercial zones to align with allowed land uses, specifically with General Plan Mixed-Use Village Center land uses. Additionally, amendments are proposed to ensure the allowed land uses in the General Plan Mixed-Use Village Center Land Use Designation are consistent with the underlying Zoning District (i.e., allowing office uses in the Commercial-Office Zoning Districts); and
- d. The proposed amendment(s) is in compliance with the provisions of the California Environmental Quality Act (CEQA). The proposed amendments to Chapter 36 (Zoning) of the City Code fall within the scope of the City's Housing Element Update Program Environmental Impact Report (State Clearinghouse No. 2022020129) (Housing Element EIR), which the City Council certified on January 24, 2023 in compliance with the provisions of the California Environmental Quality Act (CEQA), Public Resources Code Section 21000, et seq., and the Guidelines for Implementation of the California Environmental Quality Act (14 Cal. Code Regs., Section 15000, et seq.) (CEQA Guidelines). Pursuant to CEQA Guidelines Section 15168, a project

can be covered by the Program EIR if the subsequent activity is determined to be in the scope of the prior EIR and no new or more severe impacts not previously analyzed in the Program EIR are identified. The proposed amendments are within the scope of the Housing Element EIR as it studied environmental effects associated with increasing residential capacity on the identified sites and densities in Program 1.1(g). The amendments would not result in new significant environmental effects or a substantial increase in the severity of previously identified impacts, as determined in the Program EIR Conformance Analysis. In addition, pursuant to CEQA Guidelines Sections 15162 and 15163, none of the circumstances necessitating further CEQA review or preparation of a new EIR are present with respect to the Housing Element EIR. Adoption of amendments to the General Plan, City Code, and Precise Plans to implement the policies and goals of the Housing Element of the General Plan would not require major revisions to the Housing Element EIR due to new significant impacts or due to a substantial increase in the severity of the significant environmental effects. There have been no substantial changes with respect to the circumstances under which the project would be undertaken that would require major revisions of the Housing Element EIR due to new or substantially increased significant environmental effects. Further, there has been no discovery of new information of substantial importance that would trigger or require major revisions of the Housing Element EIR due to new or substantially increased significant environmental effects. Therefore, no further environmental review with respect to the Housing Element EIR is required under CEQA.

SECTION 2. Chapter 36 (Zoning), Article III (General Regulations, Special Provisions, Exceptions and Interpretations), Division 1 (General), of the Mountain View City Code is hereby amended to add a new Section 36.06.28 ("Avigation Easements") as set forth below. Section titles are shown in **bold** font, additions are shown in **red** <u>underline</u> font, and deletions are shown by <u>strikethrough</u> font. Provisions that are not shown in underline or strikethrough font are not changed.

SEC. 36.06.28 - Avigation easements.

Projects proposing any action that would either permit or result in the development or construction of a land use considered to be conditionally compatible with aircraft noise of CNEL 65 dB or greater, as mapped in the Moffett Federal Airfield Comprehensive Land Use Plan ("CLUP"), shall include the grant of an avigation easement to the U.S. Government and the County of Santa Clara prior to issuance of a building permit(s) for any proposed buildings or structures, consistent with the CLUP.

SECTION 3. Chapter 36 (Zoning), Article V (Commercial Zones), Division 1 (Purpose) and Division 2 (Land Uses), of the Mountain View City Code are hereby amended to add, delete, or modify their provisions as set forth below. Section titles are shown in **bold** font, additions are shown in **red** <u>underline</u> font, and deletions are shown by <u>strikethrough</u> font. Provisions that are not shown in underline or strikethrough font are not changed.

DIVISION 1. PURPOSE

SEC. 36.18. - Purpose.

This <u>sSection</u> provides regulations applicable to development and new land uses in the commercial zoning districts established by Section 36.04 (Zoning <u>Bd</u>istricts <u>Ee</u>stablished). The purposes of the individual commercial zoning districts are as follows:

- a. **CN (Commercial-Neighborhood) district.** The CN zoning district provides convenient shopping for surrounding residential neighborhoods, including retail and service uses that members of the public can obtain from the business (e.g., grocery stores, cleaners, restaurants, beauty salons, tax preparation and similar and related compatible uses). The CN zoning district is not intended for uses that may attract traffic from outside the local area. The CN zoning district is consistent with the neighborhood commercial land use designation of the general plan. Mixeduse districts are also consistent, where the general plan allows mixed-use (residential and commercial) development.
- b. **CS (Commercial-Service) district.** The CS zoning district allows service commercial and industrial uses that serve local residents and businesses. These uses include automotive repair, retail and wholesale businesses, carpentry shops, veterinary clinics and similar and related compatible uses. The CS zoning district is consistent with the general commercial land use designation of the general plan. <u>Mixed-use districts are also consistent, where the general plan allows mixed-use (residential and commercial) development.</u>
- c. **CO** (Commercial-Office) district. The CO zoning district permits general business offices, medical, professional, real estate, financial and other offices and similar and related compatible uses. The CO zoning district is consistent with the office land use designation and neighborhood mixed-use land use designation of the general plan. Mixed-use districts are also consistent, where the general plan allows mixed-use (residential and commercial) development.
- d. **CRA** (Commercial/Residential-Arterial) district. The CRA zoning district permits a broad range of commercial, office and residential uses located along the city's major arterials. Businesses in this district are intended to serve the local population as well as providing goods to visitors from outside the city. This zoning district is intended for hotels and motels, retail stores, restaurants, offices, housing, and similar and related compatible uses. The CRA zoning district is consistent with the mixed-use corridor and general mixed-use land use designations of the general plan.

DIVISION 2. LAND USES

SEC. 36.18.05. - Commercial zone land use permit requirements.

The uses of land allowed by this Chapter in each commercial zoning district are identified in the following tables as being:

- a. Permitted subject to compliance with all applicable provisions of this Chapter, including development review and parking requirements, and subject to obtaining any building permit or other permit required by the city code ("P" uses on the tables). Per Section 36.44.45, development review approval is required for changes from one (1) permitted use to another, including changes in property or building use that involve exterior modifications or change the development's required parking.
 - b. Allowed subject to approval of a conditional use permit ("CUP") (Section 36.48).
 - c. Allowed subject to approval of a temporary use permit ("TUP") (Section 36.46).
- d. Land uses listed, as specifically defined in this Chapter, and on the tables in a particular zoning district(s) shall only be allowed in the specific zoning district(s) in which it is listed. Such uses can only be allowed in other zoning district(s) upon approval of a text amendment as provided by Section 36.52.35 (Zoning Aamendments). These uses cannot be named as similar uses as determined by the zoning administrator through the conditional use permit process or Section 36.58.30 (Procedures for Finterpretation).
- e. Land uses that are not listed on the tables are not allowed, except where otherwise provided by Section 36.06.40 (Determination of Aallowable Lland Uuses) or Section 36.06.50 (Exemptions from Zzoning Ppermit Rrequirements).

LAND USES AND PERMIT REQUIREMENTS BY COMMERCIAL DISTRICT

NOTE 1: Where the last column on the following tables ("See Section") includes a section number, there are specific regulations and/or a specific definition in the referenced section that apply to the use; however, provisions in other sections may apply as well.

NOTE 2: Changes from one (1) permitted use to another require development review approval.

SECTION 4. Chapter 36 (Zoning), Article IX (Standards for Specific Land Uses), Division 23 (General Plan Mixed-Use Village Center Developments), of the Mountain View City Code is hereby amended to add, delete, or modify its provisions as set forth below. Section titles are shown in **bold** font, additions are shown in **red** <u>underline</u> font, and deletions are shown by <u>strikethrough</u> font. Provisions that are not shown in underline or strikethrough font are not changed.

DIVISION 23. GENERAL PLAN MIXED-USE VILLAGE CENTER DEVELOPMENTS

SEC. 36.30.110. - General plan mixed-use village centers—Purpose and applicability.

General plan mixed-use village centers implement general plan goals and policies to encourage walkable centers with a mix of accessible retail and other uses in key areas. They shall include neighborhood-serving commercial uses, public plazas and walkable and accessible connections to surrounding neighborhoods.

In the CN and CS zones Where general plan mixed-use village center is listed as a conditionally permitted use, residential development is only allowed as part of a general plan mixed-use village center development in compliance with the standards of this Division and only on properties with a General Pplan land use designation allowing residential uses, such as neighborhood mixed-use, general mixed-use or mixed-use corridor.

SEC. 36.30.113. - General plan mixed-use village center—Special land use standards.

- a. Allowed residential uses. Only multi-family residential uses are allowed. Other uses are also allowed if typically allowed with multi-family development, including residential accessory uses and structures, supportive and transitional housing, small- and large-family day care, home occupations, residential care homes and rooming and boarding. The permit requirements of the R4 zone shall apply. Single-family homes, townhouses, rowhouses and any other residential use with individual private garages are prohibited.
- b. Accessory dwelling units. Accessory dwelling units shall be permitted and shall comply with the provisions of Section 36.12.85. Accessory dwelling units are not allowed to occupy neighborhood commercial floor area required under this Division.
- c. Allowed land uses in ground-floor commercial spaces. Per the CN zoning district in Section 36.18.05.
- d. Additional permitted land uses in the CO zoning district. In addition to the CN zoning district uses, administrative and executive offices are permitted in the CO zoning district.

SEC. 36.30.115. - General plan mixed-use village center development standards.

All general plan mixed-use village centers shall be designed and constructed in compliance with the requirements of the following provisions:

Allowed	Only multi-fami	y residential uses (including condominiums) are allowed.			
Residential	Other uses are also allowed if typically allowed with multi-family				
Uses	development, including accessory dwelling units, junior accessory dwelling				
	units, residential accessory uses and structures, supportive and transitional				
	housing, small- and large-family day care, home occupations, residential				
	care homes and rooming and boarding. The permit requirements of the R4				
	zone shall apply	. Single-family homes, townhouses, rowhouses and any			
	other residentia	l use with individual private garages are prohibited.			
Neighborhood	0.25 FAR, minim	num, except this total can be reallocated among lots in a			
Commercial	single village ce	nter through the development review process with the			
Floor Area	approval of all a	ffected property owners.			
	Allowed Uses	Per the CN zoning district in Sec. 36.18.05.			
	Ground-Floor	75% minimum of the building frontage facing the village			
	Building	center's adjacent street with the highest average daily			
	Frontage	vehicle trips (other than Central Expressway) shall be			
	(Storefront)	neighborhood commercial storefront. Neighborhood			
		commercial storefront is prohibited on streets with a right-			
		of-way width less than 6070 feet wide opposite R1 and R2			
		zones.			
	Tenant Space	To ensure neighborhood access to daily goods, no existing			
	to	tenant space of at least 15,000 square feet shall be			
	Accommodate	reduced or demolished unless replaced with a tenant			
	Grocery Store	space of at least 15,000 square feet or unless the village			
		center already contains a full-service grocery store or			
		vacant tenant space of at least 15,000 square feet. As used			
		in this Section, the term "existing tenant space" also			
		includes any building area previously used as a single-			
		tenant space.			
		Over such tenant spaces, buildings shall be allowed 5 feet			
		of additional height in addition to any other height			
		allowances.			
Maximum	Maximum floor area ratio (FAR) as identified by the general plan land use				
Density and	designation.				
FAR					
		ea provided to meet the required minimum neighborhood			
	commercial floor area and its required minimum parking and loading will				
	not reduce resid	lential floor area allowed by this Section.			

Haiaht Lineita						
Height Limits	See Sec. 36.08.30 for exceptions to height limits.					
	Where the general plan allows greater than 1.6 FAR: 65 foot maximum.					
	Where the general plan allows greater than 1.2 FAR and less than or equal to 1.6 FAR: 55 foot maximum.					
	_	eral plan allows less than or equal to 1.2 FAR: 45 foot				
	maximum.					
	<u> </u>	ach floor of a building shall not be higher than the distance				
	_	esidentially zoned property.				
Setbacks	Street	15 foot minimum.				
		10 foot of london vincin front of realized in alceling two				
	Barrand	10 feet of landscaping in front of parking, including trees.				
	Rear and	Not adjacent to residential zoning districts: 15 feet				
	Sides	minimum, except side setbacks may be 0 feet when				
		creating continuous neighborhood commercial storefronts				
		within a single center.				
		A dispose to applied action and advisors OF foot actions and				
		Adjacent to residential zoning districts: 25 feet minimum,				
		including at least 5 feet landscaping along the property				
	200/ 51 -	line with adequate root zone for large-canopy trees.				
Open Area	30% of lot area, minimum. Portions of the lot with only nonresidential uses					
	and associated parking may be excluded from the required open area					
	calculation. If excluded from this calculation, nonresidential development					
	areas on a lot shall provide landscape/open area, consistent with the					
		erlying CN, CO or CS zoning district, including applicable parking area				
		ndscaping requirements per Sec <u>tion</u> - 36.32.80.				
Publicly	At least one publicly accessible open space shall be provided, with a					
Accessible	cumulative area equal to 5% of project lot area (minimum). Publicly					
Open Space	•	space shall count toward compliance with the overall open				
	area standard.					
	Location	Shall be adjacent to a public street. Projects are				
		encouraged to locate publicly accessible open spaces				
		adjacent to other sites in the same general plan village				
		center to allow for expansion of public spaces over time.				
	Minimum	25 feet in all dimensions, minimum, except where the				
	Dimensions	project lot area results in publicly accessible open space				
		areas of less than 625 square feet.				
	Dedication	The right of the public to access and use the open space				
		shall be recorded against the property by an easement,				
		covenant or restrictions subject to review and approval by				

the city attorney, and such right shall run with the land for the life of the development. A minimum of 164 cubic feet of personal storage shall be provided for each dwelling unit and shall be designed appropriately to accommodate a range of bulky items. Parking Use multi-family and shopping center parking standards, except projects are encouraged to reduce parking by providing shared parking between residential and commercial uses (see Section- 36.32.70). Along public streets and publicly accessible open spaces, parking structures shall be wrapped with neighborhood commercial tenant spaces or residential units. Circulation Developments shall maintain or establish mutual pedestrian access and shared parking within village centers. Developments shall establish new direct and publicly accessible pedestrian connections between neighborhood commercial uses, publicly accessible open spaces and surrounding neighborhoods. An exception may be granted if the zoning administrator determines the required connections are not feasible or meaningful (for example, if only backyards are adjacent to the site or if public streets already provide direct access). Exceptions Exceptions to the following standards will be allowed if the standard would physically prevent the construction of the residential floor area allowed in the general plan: up to half the required minimum neighborhood commercial floor area and ground-floor building frontage (storefront), height limits, rear and side setbacks (not adjacent to residential zoning districts), open area and/or personal storage. To be granted the exception, the project's physical constraints to demonstrate the need for the exception. Any reduction in development standards shall be no greater than what is reasonably necessary to physically construct the residential floor area, together with other mandatory components of the project as required by this Division.							
dwelling unit and shall be designed appropriately to accommodate a range of bulky items. Parking Use multi-family and shopping center parking standards, except projects are encouraged to reduce parking by providing shared parking between residential and commercial uses (see Section: 36.32.70). Along public streets and publicly accessible open spaces, parking structures shall be wrapped with neighborhood commercial tenant spaces or residential units. Circulation Developments shall maintain or establish mutual pedestrian access and shared parking within village centers. Developments shall establish new direct and publicly accessible open spaces and surrounding neighborhoods. An exception may be granted if the zoning administrator determines the required connections are not feasible or meaningful (for example, if only backyards are adjacent to the site or if public streets already provide direct access). Exceptions Exceptions to the following standards will be allowed if the standard would physically prevent the construction of the residential floor area allowed in the general plan: up to half the required minimum neighborhood commercial floor area and ground-floor building frontage (storefront), height limits, rear and side setbacks (not adjacent to residential zoning districts), open area and/or personal storage. To be granted the exception, the project applicant shall provide reasonable documentation of the project's physical constraints to demonstrate the need for the exception. Any reduction in development standards shall be no greater than what is reasonably necessary to physically construct the residential floor area, together with other mandatory components of the project as required by							
of bulky items. Parking Use multi-family and shopping center parking standards, except projects are encouraged to reduce parking by providing shared parking between residential and commercial uses (see Section, 36.32.70). Along public streets and publicly accessible open spaces, parking structures shall be wrapped with neighborhood commercial tenant spaces or residential units. Circulation Developments shall maintain or establish mutual pedestrian access and shared parking within village centers. Developments shall establish new direct and publicly accessible pedestrian connections between neighborhood commercial uses, publicly accessible open spaces and surrounding neighborhoods. An exception may be granted if the zoning administrator determines the required connections are not feasible or meaningful (for example, if only backyards are adjacent to the site or if public streets already provide direct access). To be granted the exception, the project applicant shall provide reasonable documentation of the project's physical constraints to demonstrate the need for the exception. Any reduction in development standards shall be no greater than what is reasonably necessary to physically construct the residential floor area, together with other mandatory components of the project as required by	Personal	A minimum of 164 cubic feet of personal storage shall be provided for each					
Use multi-family and shopping center parking standards, except projects are encouraged to reduce parking by providing shared parking between residential and commercial uses (see Section- 36.32.70). Along public streets and publicly accessible open spaces, parking structures shall be wrapped with neighborhood commercial tenant spaces or residential units. Developments shall maintain or establish mutual pedestrian access and shared parking within village centers. Developments shall establish new direct and publicly accessible pedestrian connections between neighborhood commercial uses, publicly accessible open spaces and surrounding neighborhoods. An exception may be granted if the zoning administrator determines the required connections are not feasible or meaningful (for example, if only backyards are adjacent to the site or if public streets already provide direct access). Exceptions Exceptions to the following standards will be allowed if the standard would physically prevent the construction of the residential floor area allowed in the general plan: up to half the required minimum neighborhood commercial floor area and ground-floor building frontage (storefront), height limits, rear and side setbacks (not adjacent to residential zoning districts), open area and/or personal storage. To be granted the exception, the project applicant shall provide reasonable documentation of the project's physical constraints to demonstrate the need for the exception. Any reduction in development standards shall be no greater than what is reasonably necessary to physically construct the residential floor area, together with other mandatory components of the project as required by	Storage	dwelling unit and shall be designed appropriately to accommodate a range

SECTION 5. Severability. If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the other remaining portions of this Ordinance. The City Council hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

SECTION 6. Publication. Pursuant to Section 522 of the Mountain View City Charter, it is ordered that copies of the foregoing proposed Ordinance be posted at least two (2) days prior to

its adoption in three (3) prominent places in the City and that a single publication be made to the official newspaper of the City of a notice setting forth the title of the Ordinance, the date of its introduction, and a list of the places where copies of the proposed Ordinance are posted.

SECTION 7. Effective Date. Pursuant to Section 519 of the Mountain View City Charter, this Ordinance shall be effective thirty (30) days from and after the date of its adoption.
