## Minutes

### Bicycle/Pedestrian Advisory Committee

---

Wednesday, February 25, 2026

6:30 PM

Plaza Conference Room and Video Conference,  
500 Castro St., Mountain View, CA 94041

---

#### 1. CALL TO ORDER

Chair Barton called the meeting to order at 6:30 p.m.

#### 2. ROLL CALL

Staff members present:

Assistant Public Works Director Allison Boyer, Acting Transportation Manager Priyoti Ahmed, Lieutenant Alex Beraha, and Sergeant Chris Goff.

10 members of the public were present, including 2 in person and 8 online.

**Present** 5 - Committee Member Serge Bonte, Committee Member Peggy Huang, Committee Member John Stone, Vice Chair James Kuszmaul, and Chair Terry Barton

#### 3. ORAL COMMUNICATIONS FROM THE PUBLIC

No public comments.

#### 4. CONSENT CALENDAR

Public Comment:

None.

Committee Comment:

None.

MOTION - M/S - Bonte/Kuszmaul - 5/0/0 - Approve November 17, 2025 BPAC meeting minutes

The motion carried by the following vote:

**Yes:** 5 - Committee Member Bonte, Committee Member Huang, Committee Member Stone, Vice Chair Kuszmaul, and Chair Barton

#### 4.1 Meeting Minutes November 17, 2025

Approved via consent calendar

#### 5. UNFINISHED BUSINESS

#### 6. NEW BUSINESS

#### 6.1 BPAC Members Manual and Election Process for 2026 Chair and Vice Chair

Acting Transportation Manager Priyoti Ahmed provided a presentation on BPAC Members Manual and the election of Chair and Vice Chair.

Public Comment:

None.

Committee Comment:

Committee members indicated that tradition suggested that Vice Chair would become Chair. Kuszmaul indicated that he was willing to serve as Chair. Bonte indicated that he was willing to serve as Vice Chair.

MOTION - M/S - Stone/Kuszmaul - 5/0/0 - Elect James Kuszmaul as BPAC Chair, and Serge Bonte as BPAC Vice Chair for 2026.

The motion carried by the following vote:

**Yes:** 5 - Committee Member Bonte, Committee Member Huang, Committee Member Stone, Vice Chair Kuszmaul, and Chair Barton

## **6.2 Active Transportation Collision Report**

Lieutenant Alex Beraha provided a presentation on MVPD's transparency dashboard.

Public Comment:

April thanked the Police Department for enforcing cars parked in the bike lane on El Camino Real, which has improved safety. She would also like information on how to report vehicles blocking bike lanes and looks forward to the installation of the "No Right Turn on Red" sign.

Committee Comment:

Stone asked if staff and PD coordinate to identify who is violating the rules, so you know where to place bollards. Staff clarified that there is no collaboration with PD. PD stated that they have started hash mark enforcement, which involves a full wall on both sides of California St. They will focus on parking enforcement.

Barton shared that schools are starting a bike bus to complement other bike programs and asked when the Police Department (PD) should be notified about the event. Staff explained that a "bike bus" is when students bike together as a group, which increases visibility and safety. PD noted that advance notice would be helpful from a safety perspective. Staff said they will coordinate with the Safe Routes to School program and share the information with PD, as a bike bus is expected to take place in April. The Safe Routes to School program and its funding also support traffic safety education, and the School Resource Officer provides extensive education and participates in outreach events.

Bonte relayed a public comment via email regarding the transportation dashboard and suggested that having more than 90 days of data would be more useful for identifying trends. PD responded that they should email them with a reminder of their desire to see more data, and that they can discuss this with their analyst. They also mentioned that Crossroads report writing is expected to improve the software they are currently using. Bonte expressed that having a category for citation data would be helpful to view on the dashboard. Kuszmaul agreed that more data would help identify trends and opportunities for improvement.

Huang asked if MVPD works with nearby cities like Sunnyvale and Palo Alto to compare bike safety, but PD stated that they don't have that information.

Kuszmaul expressed his gratitude for the presentation and information on the different e-bikes. He would like

to hear more about red-light cameras. Kusmaul shared his concern about the stop sign with the bicyclist and PD and whether that is a positive relationship. PD explained that there is a backstory of a cyclist and a truck both failing to stop at a stop sign, which caused the cyclist to get hurt. Kusmaul appreciated the approach PD is taking with vehicles stopping at bike lanes and careful parking enforcement on California St.

### **6.3 BPAC Fiscal Year 2025-26 Work Plan**

Acting Transportation Manager Priyoti Ahmed presented updates on the Work Plan and TAL.

Public Comments:

April commented on the upcoming Middlefield Complete Streets agenda item and asked staff to clarify which design phase will be presented and how much flexibility will remain to incorporate public feedback. She also inquired about additional community outreach opportunities for input on City projects, while sharing a recap of MTC and VTA funding.

Committee Comments:

Kusmaul inquired about opportunities for public input on the Middlefield Complete Streets project beyond the Bicycle and Pedestrian Advisory Committee (BPAC). Allison responded that updated project information is available on the website and reviewed the upcoming outreach opportunities for each project. The staff is currently updating the information for the first quarter of 2026. Kusmaul also asked about the project's status for next month's BPAC meeting. The staff clarified that the project is currently in the conceptual design phase, with a 10% to 35% completion rate. Additionally, the staff noted that the Moffett plan does not include a road diet, addressing the uncertainty previously discussed at BPAC.

## **7. COMMITTEE/STAFF ANNOUNCEMENTS, UPDATES, REQUESTS, AND COMMITTEE REPORTS**

### **7.1. Staff Comments**

Acting Transportation Manager Priyoti Ahmed provided a presentation on recent transportation outreach efforts, including Christmas tree lighting events for Safe Routes to School and the Rengstorff Complete Streets Study, and issued an RFP for Safe Routes to School.

Public Comment:

April asked about the ATP workplan timeline and noted she had not heard updates about the ATP Advisory Committee, which last met in February 2025. Staff clarified they plan to hold an Advisory Committee meeting before the upcoming BPAC meeting.

Committee Comments:

Barton noted that bike racks, such as the one at In-N-Out, are sometimes poorly installed and unusable, and asked how the City could improve its code requirements for effective bike rack placement. Allison clarified that the ATP will not include ordinance or zoning changes but can provide recommendations. She added that staff is developing a citywide TDM ordinance, which will include stronger bike rack requirements. The ordinance will go to EPC and CTC, as it is part of planning and development regulations.

### **7.2. Committee Comments**

Chair Kusmaul provided an update on the VTA BPAC meetings scheduled for January 14, 2026.,and February 11, 2026.

## **8. SET DATE AND TIME FOR NEXT MEETING:**

The next BPAC meeting is scheduled for March 25, 2026, at 6:30 p.m.

**9. CALENDAR**

**10. ADJOURNMENT**

Meeting adjourned at 8:25 p.m.
