

## FISCAL YEAR 2026-27 NEIGHBORHOOD GRANT PROGRAM APPLICATION GUIDELINES

### Purpose of the Neighborhood Grant Program

The City of Mountain View is committed to the preservation and renewal of neighborhoods. The City believes that the power to maintain and improve neighborhoods lies in strengthening the civic participation of Mountain View residents in their community. The Neighborhood Grant Program provides financial support to encourage groups to form new neighborhood associations as well as to support existing associations with funding for neighborhood events.

### Application Deadline

Applications will be available starting Saturday, March 1, 2026, and are due by 5:00 p.m. Pacific Standard Time on Tuesday, March 31, 2026. All applications will need to be submitted using the online form on the Council Neighborhoods Committee (CNC) webpage at: [www.mountainview.gov/neighborhoodgrants](http://www.mountainview.gov/neighborhoodgrants). Applications must be submitted via the online form. Incomplete or late applications will **not** be accepted. The CNC will hold a meeting on April 30, 2026 to listen to public comments on the grant proposals and make decisions on the 2026 Neighborhood Grant Awards.

### Eligibility Requirements

To be eligible for the Neighborhood Grant Program, all of the following criteria must be met.

1. **Applicants must be representatives of a group, not an individual.** A group can be an existing neighborhood association within the City of Mountain View, a group of individuals who are organizing to form a new neighborhood association, an informal neighborhood group, or a mobile home park resident committee. Special-interest groups (e.g., groups focused on sports or the arts), individuals, businesses, fraternal or religious groups, universities, and public agencies are not eligible applicants for the Neighborhood Grant Program. However, applicants that are eligible for the Neighborhood Grants Program may partner with these types of applicants to plan and implement activities/events.
2. **Applicants must specify a contiguous geographic area their group serves.** Groups cannot be a Citywide or general group not tied to a specific geography within Mountain View. Groups are not disqualified due to overlapping geographies. The application includes a map to indicate your geographic area.

3. Activities/events must be neighborhood-based and initiated by residents living in the neighborhood or mobile home park.
4. Activities/events must be aimed at improving communication and participation or improving physical conditions within a neighborhood or mobile home park.

### **Selection Criteria**

The applications will be evaluated by the CNC using the following criteria:

- Benefit: How many people are expected to benefit from the activities/events?
- Involvement: How many people are involved in the development and coordination of activities/events?
- Program Design: Are the activities/events well-planned and conceptualized?

### **Activity/Event Team**

The applicant is required to form an activity/event team consisting of **at least four members** of the neighborhood or mobile home park who will be responsible for managing the activity/event. The team will be required to provide a written activity/event summary to document the achievements of the activity(ies)/event(s). The team should also be available to provide an oral presentation of the accomplishments to the CNC, if requested.

### **Maximum Grant Awards**

A total of \$50,000 is available for the Neighborhood Grant Program supplemented with an additional \$7,500 in pilot funding to fund groups that are first-time applicants. Neighborhood Grants may be awarded up to the maximum amount outlined in Table 1 below, which is based on the number of households covered by the neighborhood group.

All grant funds must be used between July 1, 2026 and June 30, 2027. There is no carryover of funds that are not used within this time frame.

Examples of activities/events and expenditures that are ineligible for Neighborhood Grants are listed below.

- Political activities (campaigns, candidate forums, etc.).
- Regular neighborhood association meeting supplies/refreshments.
- Homeowners association events, meetings, newsletters, etc.
- Improvements that directly benefit a household or homeowners association.
- Equipment that could be primarily used by individuals rather than at neighborhood events, such as portable barbecue grills.
- Improvements in the public right-of-way, such as trees or landscaping, unless done with the approval of and partnership with appropriate City departments.
- Alcoholic beverages.

### **Alternate Projects**

Grant recipients are expected to make a good-faith effort to complete the activities listed in their grant applications. However, if a grant recipient is unable to complete the activity for which they received funding, they may request one-time approval for an alternate project as long as it is eligible for funding in accordance with the grant program guidelines and falls into the same category as the original project.

Any deviation from the activities listed in the grant recipient's application will be reviewed by staff and must receive approval for compliance with program requirements and confirmation that no other alternate projects have been approved for the grant recipient in the current grant year. **Grant recipients must receive approval prior to beginning the alternate project to ensure their eligibility for reimbursement. To request review of an alternate project, any of the listed project leads may email [neighborhoodgrants@mountainview.gov](mailto:neighborhoodgrants@mountainview.gov)**

## Reimbursement of Grant Expenditures

Grant funds are disbursed to awarded neighborhood groups or associations on a **quarterly reimbursement basis** of expenses for eligible grant activities. Only out-of-pocket expenses, meaning those paid for with the association/individual's own money rather than paid for with money from another source (e.g., gift card, EBT card, etc.), are eligible for reimbursement.
