

Senate Bill 1214 requires the City to obtain consent from the project architect to post the full set of project plans online. The project architect of this project did not give the City their consent and therefore, the City is only authorized to post the site plan and massing diagram(s) on the City website for public viewing. Per SB 1214, the City can distribute copies of the full plan set to members of the legislative body and members of the planning agency's governing body. The full set of plans and copies of all associated project documents are available for review at the Community Development Department, 500 Castro Street, First Floor, Mountain View, CA 94041 or may be made available by contacting the project planner.
