Select Proposed Compliance Approach.

See BMR Administrative Procedures, Section 3, for more information.

☒	Building units on-site
☐	Building units on-site and paying a fractional fee for units less than 0.5
☐	Project is less than seven (7) units, paying a fractional in-lieu fee
☒	<u>Alternative Mitigation:</u> <i>If proposing an alternative mitigation, complete Sections 2b and 2c of this section only and the Alternative Mitigation Supplement.</i>

2b. Unit Mix

Provide information for all units in the development.

Attach an Excel spreadsheet with the same column titles if additional space is needed.

Unit Type/Plan	No. of Bedrooms	Living Sq. Ft.	No. of Units	Total Square Feet
See Attached Spreadsheet				
Totals				

Projects of less than seven (7) units that are eligible to pay a fractional in-lieu fee are not required to complete sections 2c, 2d, and 2e, unless they will be providing affordable units on-site.

2c. Affordable Unit Calculations Summary Table	
Attach a written description detailing how you arrived at the calculations.	
Replacement Requirements (complete replacement requirement supplement)	
Total Replacement Requirement (Units)	
<i>VLI Replacement Requirement</i>	
<i>LI Replacement Requirement</i>	
Replacement Requirement (Bedrooms)	
Total Affordable Units In Project (replacement units + any additional BMR units)

**Please note that not submitting the items requested below and/or not marking the appropriate boxes may result in the Housing department not being able to deem the submitted application complete.*

Please attach the following items:

- ☒ Parcel maps and/or site maps indicating the proposed location within the development and square footage for both the BMR and market-rate units.
- ☒ Construction and completion schedule of all BMR and market-rate units.
- ☒ Phasing of BMR units *(if applicable)*.
- ☒ Comparison of bedrooms, fixtures, and access to amenities for the market-rate units and on-site BMR units.
- ☐ **For Ownership Projects Only:** If providing units below 80 percent AMI, provide the anticipated initial HOA dues rate per household for the project.

Proposed location and AMI level of each unit shown on the attachment. Construction schedule for delivery of BMR units will be commensurate with phasing and completion of market rate units (e.g. at least 25% of all units will be BMR units). Bedroom ratio of BMR units equals overall project ratio and BMR units will have equal access to amenities as market rate units.

2e. BMR Unit Information

Provide as much information as known at time of application. BMR unit mix will be finalized prior to execution of BMR Agreement, but should reflect this chart to a significant degree.

Please attach the following items: ☐ Environmental Conditions Report ☐ Parcel map indicating size, location, number of bedrooms, and square footage ☐ Construction and completion schedule ☐ Phasing of units in comparison to market-rate units ☐ Comparison of bedrooms, fixtures, and amenities		
Please attach a narrative demonstrating how providing units off-site will: • Exceed minimum affordability requirements of the program. • Advance other City goals for housing, highlighting how the location of the off-site units is consistent with these goals.		

3. Payment of In-lieu Fee

Proposed in-lieu fee amount:
Proposed timing of payment:
Please attach a narrative demonstrating how paying the in-lieu fee will complete one or more of the following objectives: • Create more affordable units and/or deeper affordability levels than providing the units on-site. • Create affordable housing for special-needs populations. • Help 100 percent affordable housing projects in the City's pipeline move forward. • Demonstrate time value of payment.

4. Other:

Please attach a narrative demonstrating how the proposed mitigation will complete one or more of the following objectives:

- Create more affordable units and/or deeper affordability levels than providing the units on-site.
- Create affordable housing for special-needs populations.
- Help 100 percent affordable housing projects in the City's pipeline move forward.
- Demonstrate time value of payment.

Mountain View Zoning Code Defines:

Lot, coverage. That percentage of the total lot area covered by structures as herein defined.

Structure. That which is built or constructed, an edifice or building of any kind or any piece of work artificially built up or composed of parts joined together in some definite manner.

Therefore, building coverage is calculated as entire area of buildings covered by a roof structure.
